Subject: Follow Up: Local Choose Love, Not ICE campaign pitch

Body:

Thank you very much for taking my call just now. I appreciate you taking the time to discuss this important story.

As we discussed, I am a resident of [Town/City] and am involved in the national Choose Love, Not ICE campaign. We are mobilizing faith communities to respond to ICE cruelty.

I am available to provide a local voice on why this matters here at home—why we can have sensible, common sense immigration policies that don't terrorize communities and infringe on our religious freedoms.

Please let me know if you need any additional information. Thanks again for your time and consideration.

I look forward to hearing from you,
