Dear Valued Client of Bay Community Health,

Thank you for your consideration.

A large part of our mission is to provide quality access to care to our clients. This involves making sure all of our clients are treated with integrity and courtesy. With this in mind, we continually evaluate our policies and protocols to maintain a supportive and efficient standard of care.

As of January 1, 2020, all appointments for active behavioral health clients will be scheduled based on the following guidelines.

- Clients needing medication management must agree to and consistently see their respective therapists at least once a month. If a monthly therapy appointment is missed (cancelled, no show, etc.) any subsequent appointments for medication management will be cancelled until a monthly therapy session has been scheduled and completed.
- Clients with two *consecutive* missed appointments (either no-show or same day cancellation) will receive a letter and a phone call from our office. This letter will inform the client that all further appointments will be cancelled until the client contacts the office. Upon that contact, one appointment will be scheduled with the client's regular providers.
- If a client missed the new appointment after receiving a missed appointment letter, the client will be placed on inactive status from the behavioral health department. If the client does want to continue care with our department, they will be scheduled for a new client appointment to reestablish with the behavioral health providers.

These changes will be put into place to better serve clients who are in need of behavioral health services and are committed and actively involved in their behavioral health care.

Should you have any questions regarding these changes, please feel free to contact our office at (443) 607-1432.
