If design is provided to Trade Contractor by a 3rd party, then Professional Liability certificate needs to be issued with Rockford as certificate holder and trade contractor name and project name noted in the description. Any 3rd party engineer/designer to Trade Contractor must carry minimum \$1,000,000 Per Claim Professional Liability limits that will not be subject to a limitation of liability clause.*

1. Commercial General Liability (CGL) with limits of insurance of not less than \$1,000,000 each occurrence and \$2,000,000 Annual Aggregate.
 - a. CGL coverage shall be provided on an ISO Occurrence form CG 20 10 07 04/ CG 20 37 04 or its equivalent, and include a "per project" aggregate.
 - b. Trade Contractor shall maintain CGL coverage for itself and all specified additional insureds on a Primary and Non-Contributory Basis, for the duration of the Project and until paid in full and maintain Completed Operations coverage for itself and each additional insured for 3 years after completion of the Work.
 - c. Limits for Employer's Liability, Commercial General Liability, and Automobile Liability may be attained by a combination of an underlying policy with an Umbrella and/or Excess Liability Policy.
2. Business Auto Policy
 - a. Business Auto Policy with limits of at least \$1,000,000 each accident.
 - b. Business Auto coverage must include coverage for liability arising out of all owned, leased, hired and non-owned automobiles.
 - c. The same Additional Insureds required on CGL are also required on the Auto.
3. Commercial Umbrella / Excess Liability
 - a. Umbrella limits must be at least \$2,000,000.
4. Workers Compensation and Employers Liability
 - a. Employers Liability Insurance limits of at least \$1,000,000 each accident for bodily injury by accident, \$1,000,000 each employee for injury by disease, and \$1,000,000 aggregate limit.
 - b. Staffing firms need to carry an Alternate Employer Endorsement (ISO Form: WC 00 03 01A) naming Rockford Construction, as well as provide a Waiver of Subrogation naming Rockford Construction. This is also required for Trade Contractors using staffing firms.
 - c. If Trade Contractor employs the services of leased employees for the work or for a portion of the work, it will be required to submit evidence, to the satisfaction of Contractor, that such leased employees are fully covered by the minimum limits of Workers' Compensation and Employer's Liability Insurance.

5. Professional Liability – If Trade Contractor or any sub-trade contractor of any tier is providing any professional services, including but not limited to, design, architecture, engineering, testing, staking, surveying, geo-technical, or shoring, Trade Contractor shall provide Professional Liability insurance with minimum limits of 20% of the trade contractor's contract value, but not less than \$2,000,000 per Claim / Aggregate. Trade Contractors providing commissioning services are required to provide \$1,000,000 per Claim / Aggregate. Design Trade Contractor may not limit its coverage to the value of their contract or billing. If Trade Contractor or any sub-Trade Contractor of any tier is providing any design-build or delegated design services, to include, but not limited to, Mechanical, Plumbing, Electrical, Fire Protection, Fire Suppression, Fire Alarm, Truss Manufacturers and Installers, Demolition, Retaining Wall Subs, SIPS, Curtain Wall, Subs are required to provide at least \$1,000,000 per Claim / Aggregate. In regard to Design Build / Delegated Design Subs who have their design stamped thru a 3rd party, the 3rd party is required to provide a Professional Liability certificate with Rockford Construction as the Certificate Holder and noted in the Description of Operations, the Trade Contractors name whom the design work was done and the project name. Any Design Professional Trade Contractor and Design Build Contractor/Trade Contractor and/or its Engineer shall provide and maintain Professional Liability Insurance at all times this Subcontract is in effect and for 6 years after final completion of the project. The maximum Self-Insured Retention (SIR) shall be \$50,000 per claim. The coverage shall provide notice of cancellation to Rockford of not less than 30 days.
6. Pollution Liability Insurance—If Trade Contractor's Work or its sub-Trade Contractor's work includes Environmental Services, then contractor's pollution liability insurance shall be provided by Trade Contractor on an occurrence basis, with limits of not less than \$2,000,000 per claim and \$2,000,000 aggregate or as specified by Rockford's contract with Owner. "Environmental Services" means any contact with a Hazardous Material, to include, but not limited to, and defined as "abatement, removal, remediation, transporting, or disposal of a "Hazardous Material" or working in areas where contact with such Hazardous Materials may take place. "Hazardous Material" means asbestos, asbestos containing material, lead (including lead-based paint), PCB, silica, silica dust, molds and microbial matter, any other chemical, material, or substance subject to regulation as a hazardous material, hazardous substance, toxic substance, or otherwise, under applicable federal, state, or local law; and any other chemical, material, or substance that may have adverse effects on human health or the environment. Limits of liability for Pollution Liability shall be provided for and kept in effect for 6 years after final completion of the project.
7. Property damage insurance for Trade Contractor's personal property for the full replacement value.
8. Stored Materials – A certificate of insurance is required when billing for stored materials showing: Rockford Construction as Loss Payee; Value of materials being invoiced; Location where materials are being stored.
