Plans

Choosing a plan that's right for you and your family is so important. That's why we offer easier access to better — and more affordable — health benefits solutions. And we'll be right there to help you find the perfect fit.

Stay in network to help lower costs

When you go for care, keep in mind that staying in network has special perks. You may have lower out-of-pocket costs, because these providers have agreed to accept our contracted rate for services. Plus, they'll file claims for you, so you don't have to worry about any extra work.

Know what to expect if you go out of network

Some plans may have out-of-network benefits, too. Just know you may have higher out-of-pocket costs. Plus, you may have to file your own claims and/or get preapproval for some services.

Understand that we cover emergency care

In case of an emergency, we'll cover care both in and out of network. So whatever plan you choose, know you can count on us when the unexpected happens.

Medical

Aetna Choice® POS II health benefits and insurance plan

So many options for the doctors you need

You don't have to choose a primary care physician (PCP)* with this plan. But selecting a PCP is still important because they do more than give you a checkup. They:

- Get to know you and your medical history
- Guide you on important health decisions and direct your care
- File claims for you

Plus, you may pay less out of pocket for their care.

Keep in mind — you don't need a referral to see any network doctor. And you can visit any licensed doctor out of our network. But if you go out of network, you may have to file your own claims and pay more out of pocket.

This managed care plan may not cover all of your health care

expenses. Read your contract carefully to determine which health care services are covered. To contact the plan if you are a member, call the number on your ID card; all others, call 1-888-98-AETNA (1-888- 982-3862) (TTY: 711).

*In Texas, PCP is known as physician (primary care). In the State of Washington, PCP refers to primary care provider.

Our network

When you need to find the right care, it's always reassuring to know you have choices. Our vast network includes trusted primary care doctors and specialists, hospitals and other health care providers.

And it's never been easier to connect with care. Just use our provider search tool on your member website or use the Aetna HealthSM app when you're on the go.

Our network

24-Hour Nurse Line*

A simple call can make all the difference

Have questions about upcoming medical visits and choices? You can talk to a registered nurse for information about tests, procedures and treatment options, 24 hours a day, 7 days a week. And the call is free. To find the phone number, just visit **Aetna.com** and log in to your member website.

* While only your doctor can diagnose, prescribe or give medical advice, our 24-Hour Nurse Line nurses can provide information on a variety of health topics. Contact your doctor first with any questions about your health care needs

MinuteClinic services

Access MinuteClinic services at a low cost to you

Get access to convenient, local care at a MinuteClinic® location at no additional cost to you*. MinuteClinic is a walk-in clinic located inside select CVS Pharmacy® and Target stores, treating a variety of illnesses, injuries and conditions, including:

- Allergies
- Ear infections
- Flu like symptoms
- Bug bites, stings and more

MinuteClinic providers can also administer vaccines and write prescriptions, when medically appropriate. Get care where and when you need it, with virtual care visits available 7 days a week.**

For your best health, we encourage you to have a relationship with a primary care physician or other doctor. Tell them about your visit to MinuteClinic, or MinuteClinic can send a summary of your visit directly to them.

* Applies only to covered services at MinuteClinic. This information does not apply to members enrolled in qualified high-deductible health plans: such members must meet their deductible. However, such services would be subject to negotiated contract rates. Once the deductible has been met, such members will be able to access MinuteClinic® services at no cost-share. Members in indemnity plans are not eligible for this benefit. Such members should refer to their benefit plan documents in order to determine coverage and applicable cost share for walk-in clinic benefits and services, as applicable. Visit MinuteClinic.com for age and service restrictions.

** For virtual care: Services and appointment availability may vary by location. Services not yet available in AL and MS.

Participating urgent care centers

Unless you are having a true medical emergency, the ER is not the best place for your care! Instead, try an urgent care center.

If you have a pressing, but not life-threatening medical issue, think about going to an urgent care center, walk-in clinic or MinuteClinic® location.* These centers can treat sinus infections, the flu, allergies, minor cuts and more.

There are over 8,000 participating locations.^{1**} Many are open seven days a week, with easy appointment scheduling and convenient hours. You'll typically pay less — and cut your waiting time, too. Look up the nearest urgent care center or health clinic on **Aetna.com**. Select "Find a doctor" to use our directory. Or use the mobile app.^{***}

*Member responsibility may vary based on plan design; for some plans, copays apply. Emergency room (ER) copays are typically higher than walk-in clinic copays.

** Includes urgent care centers, walk-in clinics and MinuteClinic and HealthHUB locations.

***Standard text messaging and other rates from your wireless carrier may apply

Participating retail walk-in clinics

Easy access, with no appointments needed

After office hours or inconvenient to get to the doctor? Try a retail clinic. Visit one for high-quality treatment of minor illnesses like strep throat, seasonal allergies, and even vaccines.

You'll enjoy:

- Convenient hours, with some open seven days a week with night and weekend hours
- Lower prices, such as an average of \$81 per clinic visit compared to \$750 to \$1,000 average emergency room (ER) price*¹

We have many stand-alone and store-based clinics nationwide. Find them in our online directory at **Aetna.com** — just select "Find a doctor."

Feeling your best

From time to time, we all feel a bit down or stressed — but sometimes these feelings can persist and get in the way of daily life. They could be brought on by something related to physical health. It's important to know that these feelings are common and, most of all, treatable. But the condition must be diagnosed first.

Your medical plan includes mental health benefits. So you'll get the help and resources you may need to work toward feeling your best. These resources include:

- 24/7 support to help you find the right care
- Face-to-face counseling in the provider's office, virtually or through telehealth
- Online resources and tools, and more

Aetna AbleTo Virtual Therapy

Focusing on health conditions and life changes

Sometimes life can be overwhelming, leading to worry, stress and sadness. But you don't have to go through it alone. With AbleTo, you'll get virtual, personalized support that can help you feel better. Plus, you'll learn how to better manage your emotions and improve your overall health in about eight weeks.

Once you connect with an Aetna® or AbleTo representative, they'll explain more about the program and how it can help. They'll also answer any questions you have.

Aetna® does not recommend the self-management of health problems. Health information programs provide general health information and are not a substitute for diagnosis or treatment by a health care professional.

Telehealth/Virtual Services

Meet with a counselor anywhere, at your convenience

With telehealth or virtual services, you have another way to get help from trained mental health providers. And whatever you're facing, you have the same support you'd get in person from psychiatrists, social workers, marriage counselors and more. You can easily connect with your provider by using your smart device or webcam-equipped computer that's connected to the internet.

With these counseling and medication management services, you:

- Get online, expert care and support
- Talk with a coach 24/7 - using apps, video chats and text messages
- Connect with the same provider throughout your care, so there's no need to readjust to someone new
- Choose when and how you meet — anywhere you're most comfortable
- Decide what works for you - at your own pace and convenience
- Can speak freely and privately

A mental health telehealth or virtual session costs the same as a face-to face office visit. To find a provider in your area, just call us at the number on your member ID card. Or use our provider search tool on **Aetna.com** and search for "mental health."

In network vs. out of network

In network

This network option may **cost you less.**

Highlights

Choosing in-network providers may help save you money.

These providers contract with us to offer rates that are often lower than their regular fees. They also work directly with us and send us claims for services you receive. Don't worry — this is all behind-the-scenes work when you stay in network.

Visit **Aetna.com** to find a network provider.

How it works

The provider files your claim and the plan pays them the amount it owes based on the negotiated rate. You pay the remaining costs.

Benefits

- ✓ Lower out-of-pocket costs
- ✓ No balance billing
- ✓ Less paperwork

Out of network

This network option may **cost you more.**

Highlights

Your plan may allow you to visit an out-of-network provider. To find out details, check your Summary of Benefits and Coverage document.

How it works

Out-of-network doctors and hospitals don't contract with us. So that means:

- They normally charge more for their services
- You might have to pay the difference between what your plan pays for services and the amount they charge

Plus, they generally don't send us claims or get approval for coverage. So you may need to handle these details on your own.

Keep in mind

Covered

"Covered" doesn't mean free. A covered health care service is one that your plan recognizes. Your plan only pays for this service after you've met the deductible, coinsurance or copay.

Referral

A referral is like a permission slip from your primary care physician (PCP) to see a specialist or another provider. Many providers can easily send referrals electronically.

In-network providers

Network providers participate in our network and offer special, lower rates for our members. So remember that staying in network can help you save money.
