TOOL CRAFTS

High Precision Modernized Machines

A GLOBAL TOOL CRAFTS COMPANY :

Welcome to Girnar Group,

Founded in 1984 by the visionary Mr. Anil P. Jain, Girnar Group has grown into a global leader in packaging solutions. With Mitin A. Jain now at the helm, the company continues its legacy of quality, innovation, and customer satisfaction, entering its second generation of leadership.

At Girnar Group, we specialize in a comprehensive range of packaging products, including aluminum tubes and containers, plastic tubes and bottles, corrugated carton boxes, flexible films, and caps and closures. As we continue to grow, we remain committed to delivering products that exceed expectations and build lasting partnerships with our clients.

Originally established to manufacture moulds for our own packaging products, our Toolroom has since expanded its capabilities and is now proud to offer high-quality moulds for commercial sale, serving a wide range of industries beyond our own operations.
