## EARLY CHILDHOOD DEVELOPMENT PROGRAM (ECDP)

**Join Us In Building**  
a safe and nurturing space  
where children can thrive.

## Our Approach

- ✓ We identify vulnerable children aged 1–3 from underprivileged homes, often with sick, abandoned, or single mothers.
- ✓ We partner with VHTs (Village Health Teams) and local leaders to reach out to the most at-risk families.
- ✓ Children come daily from their communities, returning home each evening. At the age of 4, children transition into the Child Development Program. (CDP)

## What We Do

- ✓ **Daily Care & Nutrition**  
Open weekdays, Children get porridge, snacks, and balanced meals to fight malnutrition and boost immunity.
- ✓ **Early Childhood Development**  
Play, devotions, and spiritual sessions nurture physical, emotional, and spiritual growth.
- ✓ **Support for Mothers**  
Workshops teach hygiene and parenting. Mothers help keep the center clean and use the time to earn income

## Who We Are

- ✓ We are a babies' home in Gaba, Kampala, Uganda, part of Africa Renewal Ministries. We care for vulnerable toddlers from families in extreme poverty, many with single mothers who can't provide basic care.

## Mission

- ✓ To provide holistic care—nutrition, spiritual growth, and hope—to vulnerable, malnourished children from underprivileged families around Gaba.

## Imapct

- ✓ Since 2001, our program has rescued over 600 children.
