How to Apply

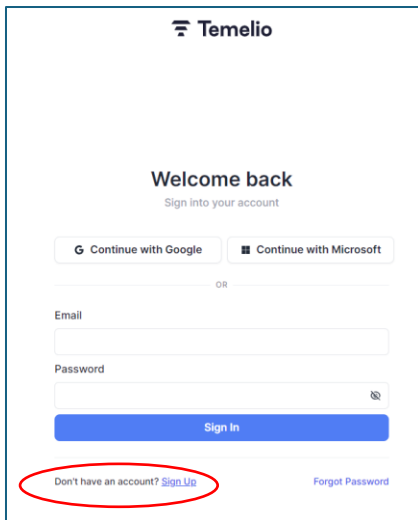

The application is live **HERE**: [Temelio](https://www.RaynorCerebellumProject.org)

1. Click the green “Login to Temelio to complete this form” button

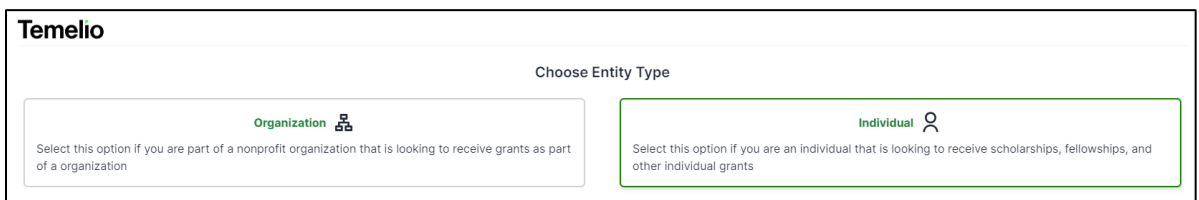

The screenshot shows the 'Raynor Cerebellum Project LOI' page. At the top, it says 'Once Upon a Time' and features a green button that reads 'Login to Temelio to complete this form →'. Below this is a blue banner with an information icon and the text 'Please login to complete the form below.' and a warning: 'E: Login each time you return to work on your application. Otherwise any changes you make below will NOT be saved.' The main heading is 'The 2024 Raynor Cerebellum Project Request for Applications' with the website 'www.RaynorCerebellumProject.org'. A paragraph describes the project's goal to improve lives through research. At the bottom, it states 'We invite applications from collaborative teams of researchers and clinicians.'

2. Click sign-up to create your account

The screenshot shows the Temelio login page. It has the Temelio logo at the top. The heading is 'Welcome back' with the subtext 'Sign into your account'. There are two buttons: 'Continue with Google' and 'Continue with Microsoft'. Below these is an 'OR' separator, followed by 'Email' and 'Password' input fields. A blue 'Sign In' button is at the bottom. A red circle highlights the link 'Don't have an account? Sign Up'.

3. Select Individual as your entity

The screenshot shows the 'Choose Entity Type' page on Temelio. It has two options: 'Organization' with a group icon and 'Individual' with a person icon. The 'Individual' option is highlighted with a green border. Below each option is a brief description of when to select that type.

4. Create your account, then click the green start form button

5. You can now see the editable application with three sections

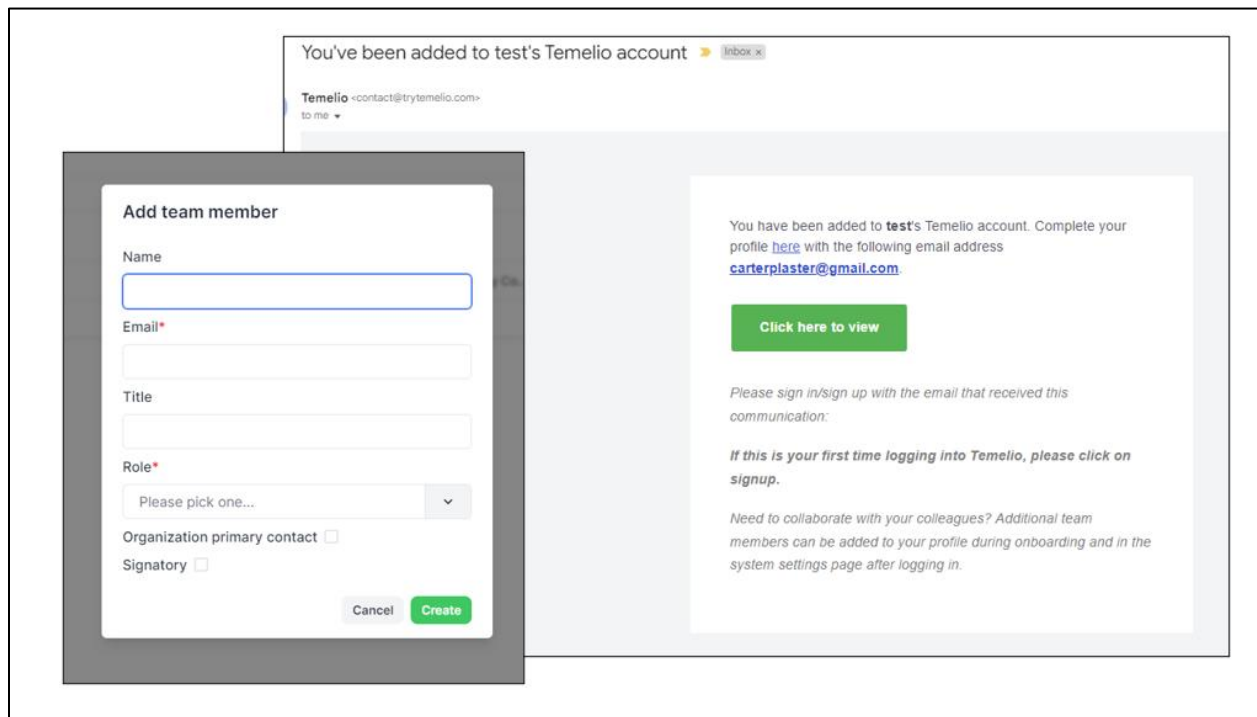

The screenshot shows the 'Letter of Intent & Additional Details' form. On the left, a 'Menu items' box points to the sidebar navigation. In the center, a 'Complete application in the middle' box points to the main form area. On the right, an 'RCP team can see questions you ask here!' box points to the comments section.

Adding Collaborators

1. Top left corner – click team settings

2. Add basic info about team members, they will get an email invitation to join the proposal.

3. All team members can work on the proposal simultaneously!

Editing Your Proposal after Submission

Once you submit your proposal, you cannot edit it anymore. However, if you have future edits and would like to update your proposal, just ask our team to do so in the comments section!

Send comments or questions to **Once Upon a Time** in the box below. **Once Upon a Time** will be notified via email of your comment.
