

Dear Providence Community,

As we walk through this important season of leadership transition, the Board of Directors is committed to a thoughtful, prayerful, and thorough search process for the next Head of School. As part of this effort, Providence Classical Christian Academy has partnered with NextEd, an executive search firm specializing in Christian school leadership, to guide and support this process.

**One of the most important elements of this phase is hearing from you, our valued community.**

We invite you to take a few minutes to complete a brief stakeholder survey developed by NextEd to gather your input on the qualities, characteristics, and priorities you believe are most important for Providence's next leader. Your perspective will play a meaningful role in helping shape the leadership profile and guiding the search process.

All survey responses will be collected directly by NextEd and will remain confidential and anonymous. Feedback will be aggregated and shared with the Board and Search Committee to help inform their discernment, but no individual responses will be identified.

The survey is now open and will remain available through **August 14th, 2026.**

Providence Stakeholder Survey: [Click Here](#)

We are grateful for your time, your voice, and your continued investment in the mission of Providence Classical Christian Academy. The Board will continue to communicate important updates via email as well as on a [designated landing page](#) on the Providence Academy website. We consider it a privilege to shepherd this process and deeply value your input as we seek the Lord's guidance for the future of Providence.

With appreciation,

The Board of Directors

|                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                |              |          |                   |                  |                  |           |                  |               |                        |                |                        |              |               |                 |               |             |                |               |                |             |                |
