

Le Petit Continental

**Condensed
version of
*Le Grand
Continental***

**Participatory work
In situ
10 minutes**

**With 50 amateur
dancers**

Any municipality can offer its residents the opportunity to experience a condensed version of the gigantic contemporary line dance created in 2009, *Le Grand Continental*.

Over the course of 8 rehearsals, 50 participants learn a ten-minute portion of the choreography. In addition to performing a segment of the popular show, they also collaborate with Sylvain Émard on a short original dance that crowns the public presentation of their work.
