

**ABC CREATIVE™**

*For the Kids. For the Community.  
Since 1993*

# 30+ Years of Play

What began in 1993 as a local effort to improve parks and playgrounds has grown into a trusted partner for cities, schools, HOAs, and organizations looking to create lasting outdoor spaces. For over 30 years and 6,000+ successful projects later, ABcreative has delivered low-maintenance, innovative, and truly inclusive play and park solutions that bring people together.

Our consultative process ensures each space reflects the unique needs of the community—from layout and budgeting to planning and installation. Whether it's a neighborhood park or a destination playground, our goal is to help create environments where people of all ages and abilities can connect, play, and thrive.

# What We Offer:

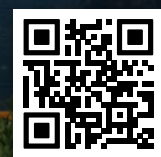

## A Complete Playground Solution

Every space is different, and we are built to handle it all. As a full-service playground provider, we guide your project from the first design sketch to the final installation. With trusted partners across play, surfacing, fitness, and site amenities, we deliver custom solutions tailored to your space, your needs, and your community from start to finish.

# Redefining Inclusive Play

## Universal and Inclusive Playground Solutions

Keep an eye on these icons! They call out important inclusive features and benefits.

### ACCESSIBLE FURNISHINGS

Inclusive seating and amenities for all users.

### SHADE

Protects from sun exposure and heat sensitivity.

### ACCESSIBLE PATH

Ensures inclusive access for all mobility levels.

### SIGHT LINES

Provides clear visibility for supervision and safety.

### BALANCING

Teaches control of gravity, equilibrium, and body awareness.

### SLIDING

Improves flexibility and range of motion in hips and legs.

### BRACHIATING

Enhances upper body strength, and understanding of personal space for social interaction.

### SPINNING

Develops cognitive skills related to speed, direction, and force.

### CLIMBING

Builds strength, endurance, and overall physical development.

### SWINGING

Helps develop a child's vestibular system.

### COLORS

Stimulates emotions and mood through color use.

### TEXTURES

Engages tactile exploration with varied materials and surfaces.

### RISK

Builds confidence by teaching risk assessment and decision-making.

### TOPOGRAPHY

Adds variation with mounds and changes in elevation.

### SENSORY

Stimulates tactile senses, aiding brain development and sensory processing.

### TRANSFER STATION

Provides accessible entry points for inclusive play.

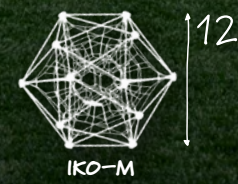

# Neighborhood Playgrounds

Sisson Eek

## "THE SPIDER WEB"

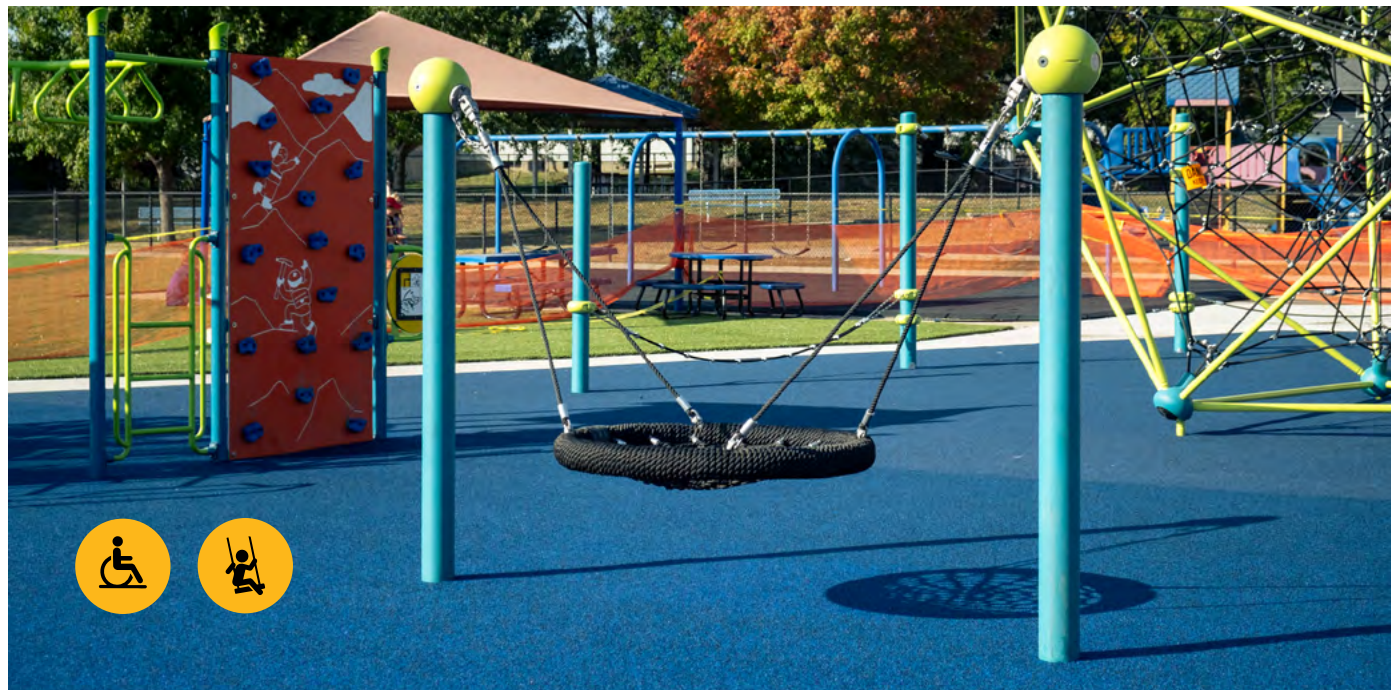

IS WHAT THE KIDS ARE CALLING IT.

The IKO-L can hold up to 35 kids at once—making it a go-to favorite and one of the most popular climbing structures on today's playgrounds.

# School Playgrounds

Karen Acres

“ It means so much to see every student included at recess now. ”  
Oakwood Manor

# Congregation Spaces

De Soto Baptist Church

# Early Learning Centers

Eudora ELC

Every playground starts with thoughtful design that blends your goals, child development needs, and creative vision to create spaces that invite play and exploration.

## Pathways of Play

Thoughtful playground design goes beyond equipment — it shapes how children explore, interact, and develop. Every detail, from layout to play variety, is intentionally planned to create safe, engaging, and inclusive spaces for all.

# UNDERNEATH IT ALL

We manage everything beneath the surface, from soil preparation and drainage to surfacing and safety details, ensuring your playground is strong, compliant, and built to last for years of play.

## UTILITIES

Connect the space to necessary services, like plumbing and electrical, for fully-integrated amenities.

## DEMOLITION

Removal & relocation of old equipment, landscaping, and other site work.

## FOOTINGS

Concrete bases that keep play equipment, shades, and shelters securely in the ground.

## SITE RESTORATION

We will clean up our mess. Want re-seeding or sod? Let us help!

## FENCING

Construction fencing and permanent fencing are available to fit your needs.

## TOPOGRAPHY

Create fresh landscapes by working with existing site variations, or bring your park to new heights with custom mounds and earthwork.

## EQUIPMENT INSTALL

Our crews are manufacturer & CPSI-certified and have been installing playgrounds for over 30 years.

## CONCRETE & FLATWORK

Curb, Sidewalks, Ramps, & Flat Pads are poured with care & built to last.

## DRAINAGE

Often overlooked! Proper drainage is a must for keeping the surfacing dry and safe.

## SAFETYFOAM PADS

Used under synthetic turf to safely pad for fall attenuation of play surfaces.

## SURFACING

Synthetic Turf, Pour-In-Place, Engineered Wood Fiber, & more!

## SOIL & GRADING

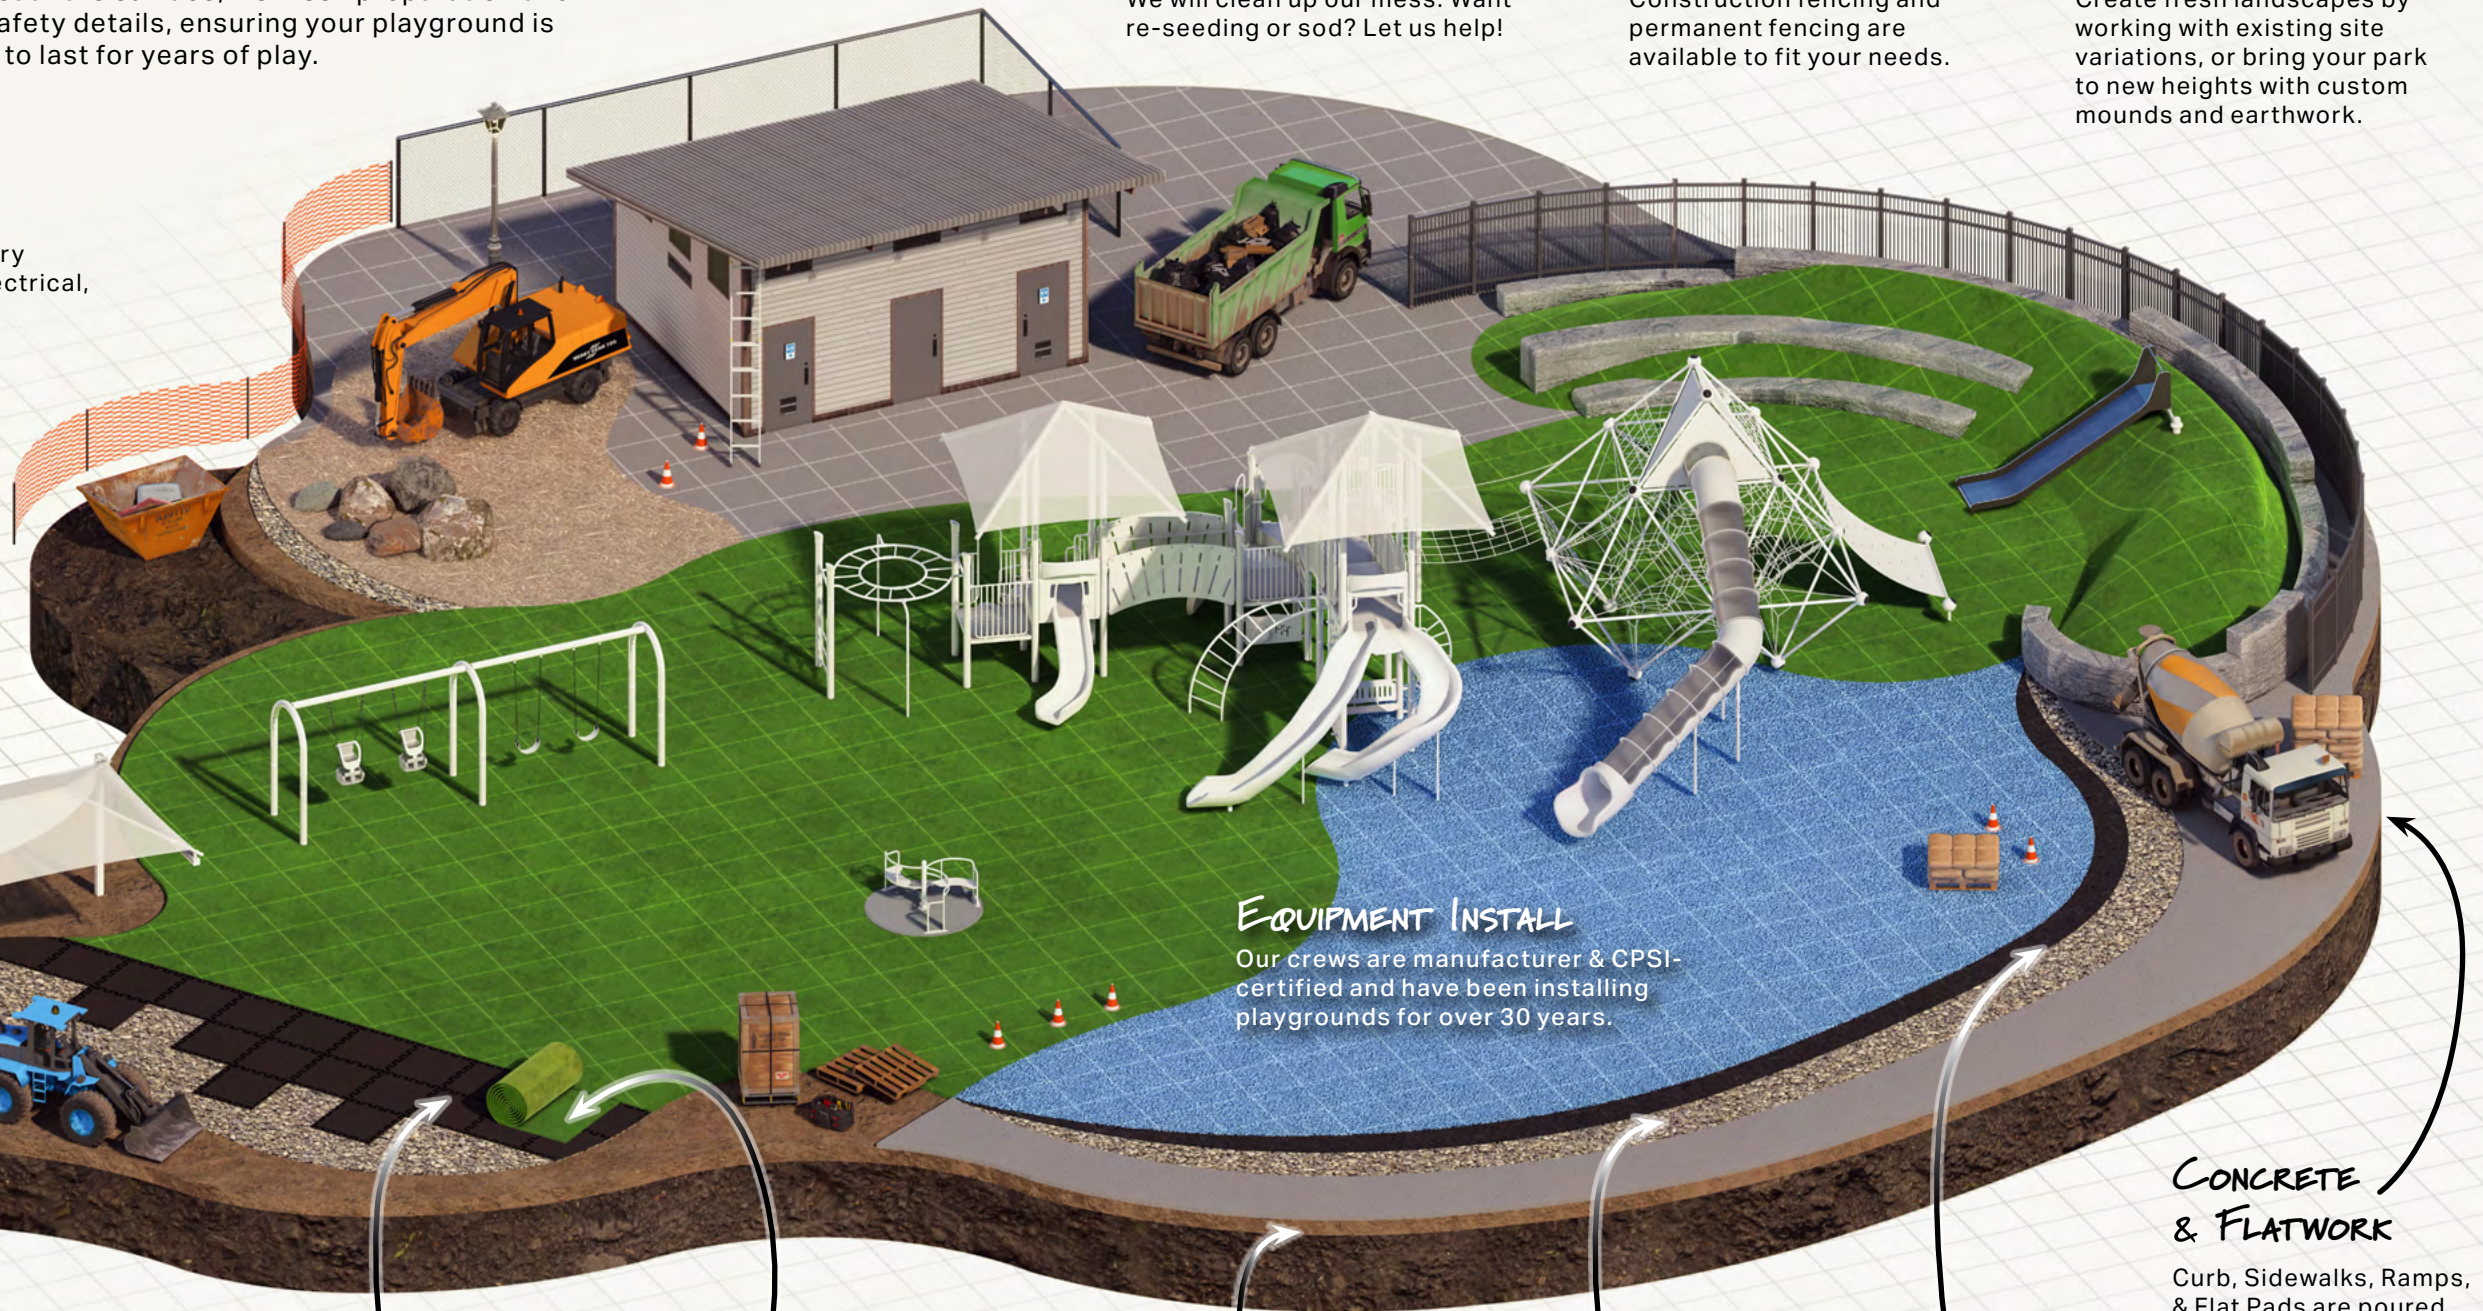

Adding topography or flattening the site for ADA-Accessibility and drainage.

## AGGREGATE

Compacted, clean stone base to create a solid, even terrain for park site.

## SUB-BASE

Footings, aggregate, buffings, & padding ensures durability.

# Purchasing Cooperatives

Skip the bid process and get the exact playground you need – faster and at a discounted rate!

We're part of several purchasing cooperatives. Contact us to see if your organization qualifies and let us guide you through the process.
