

Promptly for Behavioral Health

The Leading Patient Engagement Software for Behavioral Health

Reduce Patient No-Shows

- **Slash No-Show Rates:** Automatic reminders and appointment waitlists keep schedules full.
- **Consistent Care:** Smart reminders keep clients showing up for recurring sessions, preventing lost appointment slots.

Real Results

One practice reduced no-shows from 16% to 5% (a 68% decrease)

Automate Scheduling & Intake

- **Seamless Experience:** Let eligible patients self-schedule and complete contactless digital check-in.
- **Privacy First:** Secure form delivery and data collection enhance privacy in the waiting room.

Efficiency

One practice reduced check-in time by 5 minutes per patient with automated forms.

Collect Deposits Easily

- **Transparent Billing:** See how much patients owe at a glance and automatically collect deposits for specific appointment types.
- **Peace of Mind:** Automatic billing ensures service delivery continues uninterrupted.

Impact

One practice collected 94.2% of texted balances within three months.

Strengthen Patient Relationships

- **Engage Their Way:** Connect directly with patients via two-way texting or their preferred channels.
- **HIPAA-Compliant:** A secure environment where clients can handle intake and payments without feeling exposed.
