

Promptly for Orthopedics

The All-in-One Patient Engagement Software for Orthopedic Groups

Fill Schedules & Smart Triage

- **Automated Triage Scheduling:** Seamlessly schedule different patient types and services based on needs and staffing.
- **Stop the Leakage:** Smart reminders prevent schedule gaps that reduce surgical volume.

Targeted Patient Communications

- **Right Message, Right Time:** Send targeted messages through the patient's preferred channel to boost engagement.
- **Streamlined Data Entry:** Digital intake allows patients to complete histories and consent forms at home.

Simplify Payments & Estimates

- **Transparent Costs:** Provide accurate cost estimations (deductibles, co-pays, out-of-pocket) to set expectations.
- **Get Paid Faster:** Automated text-to-pay tools capture copays and surgical deposits instantly.

Streamline Complex Logistics

- **Surgical Block Times & Recovery:** Stabilize operations by managing long-term recovery arcs and high-deductible collections.
- **Reduced Revenue Leakage:** Minimize denial rates with accurate upfront verification.
