November 2025

GOVERNMENT OF SAMOA | MALO TUTOATASI O SAMOA
LAND TRANSPORT AUTHORITY | PULEGA O FELAUAIGA I LE LAUELEELE

INVITATION TO QUOTE (ITQ)

Date of Issue of Invitation: _____

Project Title: Samoa Climate Resilient Transport Project- SC RTP

Source of Funding (loan/credit/grant no.): P165782

Contract Name: Minor works for Allocated Sections of the West Coast Road, to enhance Climate Resilience Infrastructure in Samoa.

Contract Ref: WS-LTA-504911-CW-RFQ

To: **Bidders**

Dear Bidder,

1. **The Land Transport Authority** (Employer) hereby invites you to submit a quotation for the following works:

Minor works for Allocated Sections of the West Coast Road, to enhance Climate Resilience Infrastructure in Samoa -

- **LOT 1A – Resealing of Driveways (Double Chip)**
- **Additional Driveway at Vailuutai**
- **Construction of Raised Pedestrian Crossing at Tufulele**

2. To assist you in the preparation of your price quotation we enclose the necessary Specifications, and Form of Contract.

3. You may submit the signed Form of Quotation (including the priced BOQ) by hand delivery, post, and facsimile or electronically at the following address:

📍 Upolu : Vaitele Headquarters
Savaii: Salelologa

✉️ Post Office Private Bag, Apia

☎️ +685 26740 | Vaitele, Upolu
+685 51508 | Salelologa

f Land Transport Authority – Samoa

Please address all correspondence to the Chief Executive Officer

Name: Sagauga Leilani Galuvao

Chief Executive Officer

Land Transport Authority

Phone: +685-24542

Email: leilani.galuvao@lta.gov.ws

4. You must have experience as a contractor/service provider in the provision of similar works of at least one assignment of the nature and complexity equivalent to the scope included in this Invitation over the last three years, and provide evidence of financial resources to successfully complete the scope of this contract.

5. Each bidder shall submit only one quotation, inclusive of all the works highlighted in the RFQ. All quotations submitted in violation of this rule shall be rejected.

6. In evaluating the quotations, the Employer will determine for each quotation the evaluated price by adjusting the price quotation by making any correction for any arithmetical errors as follows:

(a) where there is a discrepancy between amounts in figures and in words, the amount in words will govern;

(b) For Quotations with BOQ: where there is a discrepancy between the unit rate and the line item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern;

(c) if a Bidder refuses to accept the correction, his quotation will be rejected.

7. Your bid shall be valid for a period of one hundred and twenty (120) days from **18th November 2025** (deadline for submission of the quotation).

8. For Quotations with BOQ: Your quotation in **English** language shall be for the whole works and based on the unit rates specified in the Bill of Quantities for a fixed unit rate contract. Currency of quoted prices and payment shall be in **(Samoa Tala WST \$)**. The quotation shall include all duties, local taxes and other levies payable by the contractor in accordance with the local laws.

9. The Employer will award the contract to the Bidder whose quotation has been determined to be substantially responsive to this invitation to quote, has offered the lowest evaluated price quotation and is qualified to do the Works.

10. The terms and conditions of contract are attached to this invitation.
11. Your quotation should be submitted by **15th December 2025 11am Local Time** (date and time).
12. Further information can be obtained from:

Mr. Muliagatele Tiimalu Malcolm Esera -
Manager - Project Management Division

FORM OF CONTRACT: SHOPPING FOR WORKS

Project Title: Samoa Climate Resilient Transport Project- SC RTP

Source of Funding (loan/credit/grant no.): P165782

Contract Name: Minor works for Allocated Sections of the West Coast Road, to enhance Climate Resilience Infrastructure in Samoa

Contract Ref: WS-LTA-504911-CW-RFQ

This Contract is made this _____ day of (insert month in words) _____ (insert year) ____ between (insert the legal name of the Employer) _____ on the one part (hereinafter called "the Employer") and _ (insert the legal name of the bidder) _____ (hereinafter called "the Contractor") on the other part.

Whereas the Employer has called for quotations for **Minor works for Allocated Sections of the West Coast Road, to enhance Climate Resilience Infrastructure in Samoa**. ("the Works") and the Contractor has submitted a quotation for the Works and the Employer has accepted the Contractor's Quotation dated (*Day/Month/ Year* ____) for the execution and completion of the Works and the remedying of any defects therein.

Now this Contract witnesses as follows:

1. The Contractor hereby covenants to execute the Works fully detailed in the drawings, technical specifications and Bill of Quantities (BOQ) included in the Contractor's Quotation (Annex 1) which constitute an integral part of this Contract in a professional and workmanship like manner in accordance with the following Conditions of Contract:

(A) Remedy all defects within 7 working days of notification by the Engineer in charge _____ (name), during the period of execution of the contract and thereafter for defects notified within the defect liability period.

(B) The Employer reserves the right to terminate the contract due to unsatisfactory performance 10 days after giving a written notice.

(C) All material and construction equipment on site, temporary works, and the Works shall be deemed to be the property of the Employer if the contract is terminated due to fault by the Contractor.

(D) The Contractor will in all cases abide by the directions of the Engineer in charge.

(E) The Contractor shall submit to the Engineer in charge, a program within 2 days after signing the contract describing general methods and schedule to complete the Works.

(F) The Contract completion period shall be **120** (calendar days) after signing of the Contract.

(G) For BOQ based contracts: In case of changes to the quantities in BOQ, the unit rates under the contract will be used to calculate the payment. For variations, the unit rates in the BOQ shall be used for similar items under variation. New items of work performed, under variation as ordered by the Engineer in charge, will be paid at mutually agreed rate/s and, in case of any disagreement between the Contractor and the Engineer in charge, the latter will fix the unit rates that will be binding on the Contractor.

(H) The Law governing the contract shall be the applicable laws of **Independent State of Samoa**

(I) The Contractor shall be responsible for the safety of all the activities on the Site.

(J) During execution of the Works the Engineer in charge will carry out inspection of the Works at site to verify that the Works are executed by the Contractor in accordance with the specifications and required quality as per specifications. The Engineer in charge will reject works not performed to the required specifications and the Contractor shall take immediate actions to rectify all defects in accordance with subparagraph (a) above.

(K) Either party may terminate the Contract by giving a 14 days' notice to the other for unforeseen events such as wars and acts of God such as earthquake, floods, fires etc. In such case the payments will be made for the completed works to the date of termination of contract.

(L) The Contractor is responsible for all taxes, duties, levies, customs duties, etc. in accordance with the laws of **(Independent State of Samoa)** which are already included in the unit rates or prices in the BOQ except VAT.

(M) Any disputes between the Employer and the Contractor arising under or in connection with the Contract shall be resolved amicably. In the event the

dispute remains unresolved, either party may refer the dispute to arbitration in accordance with (Independent State of Samoa Laws.

2. In consideration thereof the Employer covenants to pay the Contractor the Contract Price of _____ (in words and figures) in the following manner and instalments:

For BOQ based contracts:

- (A) An advance payment of 15 percent of the Contract Price will be paid upon the submission of an Advance Payment Bank Guarantee in the same amount and currency. As an alternative to the Bank Guarantee the payment of 15 percent of the Contract Price will be paid upon the Contractor bringing to the work site the following items and the Engineer in charge certifying it: 1/ at least one half of all materials to be incorporated in the Works or all materials to be consumed within three months, whichever is less, and 2/ all equipment required for the construction works.
- (B) Subsequent payments will be made based on monthly statements submitted by the Contractor, of the estimated value of the work executed less the cumulative amount certified previously. The value of work executed shall be based on the unit rates specified in the BOQ and the actual quantity completed for each item of BOQ, and shall include the valuation of Variations if any. All Payments will be made in Samoan Tala (WST) to the Contractor's nominated local bank account. The Engineer in charge may exclude any item certified in a previous certificate or reduce the proportion of any item previously certified in any certificate in the light of later information. For each payment, 20% of the value of payment will be deducted for repayment of any advance payment until the total of advance payment is paid off, and 10% of the value will be retained as retention money until the total of retention money reaches 5% of the accepted contract price. Each interim payment will be due for payment within 21 days of submission of invoice and supporting documents for the completed quantities, if the quantities are correct as verified by the Engineer in charge.
- (C) One-half of the 5% retention money will be paid to the Contractor on certification by the Engineer in charge of substantial completion of the Works, and the balance half of the retention money will be paid at the end of the defects liability period. The Advance Payment Bank Guarantee shall be released when the advance payment is paid back in total.
- (D) Final contract value will be based on the actual quantities completed.

- (E) The defects liability period will be 12 months after taking over of completed works

3. Inspections and Audits

- (A) The Contractor shall carry out all instructions of the Engineer in charge which comply with the applicable laws where the Site is located.
- (B) The Contractor shall permit, and shall cause its Sub-Contractors to permit, the World Bank ("the Bank") and/or persons or auditors appointed by the Bank to inspect and/or audit its accounts and records and other documents relating to the submission of the Quotation to carry out the Works and performance of the Contract. Any failure to comply with this obligation may constitute a prohibited practice subject to contract termination and/or the imposition of sanctions by the Bank (including without limitation s determination of ineligibility) in accordance with prevailing Bank's sanctions procedures.

4. Termination.

The Employer may terminate this Contract with at least ten (10) working days prior written notice to the Contractor after the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause:

- (A) If the Contractor does not remedy a failure in the performance of its obligations under the Contract within seven (7) working days after being notified, or within any further period as the Engineer in charge may have subsequently approved in writing;
- (B) If the Contractor becomes insolvent or bankrupt;
- (C) If the Contractor, in the judgment of the Employer or the Bank, has engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices (as defined in the prevailing Bank's sanctions procedures) in competing for or in performing the Contract.
- (D) If the Employer, in its sole discretion and for any reason whatsoever, decides to terminate this Contract.

5. Fraud and Corruption

If the Employer determines that the Contractor and/or any of its personnel, or its agents, or its Subcontractors, consultants, service providers, suppliers and/or their employees has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices (as defined in the prevailing Bank's sanctions procedures), in competing for or in executing the Contract, then the Employer may, after giving 14 days' notice to the Contractor, terminate the Contractor's employment under the Contract and cancel the contract, and the provisions of Clause 4 shall apply as if such expulsion had been made under Sub-Clause 4(a).

In witness whereof the parties thereto have caused this Agreement to be executed in accordance with the laws of Independent State of Samoa the day, month and year specified above.

ANNEX 1: SPECIFICATIONS

(Technical specifications should be incorporated in this annex)

- **SAMOA STANDARD SPECIFICATIONS ROAD CONSTRUCTION AND ROAD MAINTENANCE**

Project Title: Samoa Climate Resilient Transport Project- SC RTP

Source of funding (loan/credit/grant no.): P165782

Contract Name: Minor works for Allocated Sections of the West Coast Road, to enhance Climate Resilience Infrastructure in Samoa

Contract Ref: WS-LTA-504911-CW-RFQ

1. BRIEF BACKGROUND

- **LOT 1A – RESEALING OF ALL DRIVEWAYS (DOUBLE CHIP)**

Upgrades under the **SC RTP Package 2 Lot 1A and 1B** were completed in July 2024, rehabilitating 11.20 kilometers of road to enhance climate resilience. Due to budget constraints and the need to complete works ahead of the 2024 Commonwealth Heads of Government Meeting (CHOGM), driveway sealing along the WCR was excluded from the original project scope.

The AF-I funds will now cover the double chip sealing of all driveways within SC RTP Package 2, Lot 1A (Faleolo – Vailuutai KM 0+712 to KM 3+500), ensuring the upgraded road is not adversely affected.

- **CONSTRUCTION OF ADDITIONAL DRIVEWAY AT VAILUUTAI.**

It should be noted that a request was made during construction for a new driveway within Lot 1A. This was not accommodated under the original project due to limited funds and will likewise be included under the AF-I financing. All resealing and construction of the additional driveway should be within the LTA standards in accordance with WCR Designs.

- **CONSTRUCTION OF RAISED PEDESTRIAN CROSSING AT TUFULELE**

Following the completion of the SC RTP – Package 2, Lot 2C road reconstruction works, the Authority has noted a marked increase in vehicles travelling at excessive speeds, particularly within the area highlighted by the Village of Tufulele. In response, the Village has formally requested the construction of a speed hump crossing to improve road safety. The Authority will allocate additional funds to implement this request, with the speed hump to be constructed in full compliance with LTA standards and in accordance with the West Coast Road Design.

2. DESCRIPTION AND LOCATION OF WORKS:

The location of the proposed works is within the villages referenced above. Specifically, for **Lot 1A**, the works extend from **Faleolo to Vailuutai**. The additional driveway, as noted, is also located within **Lot 1A – Vailuutai**.

The Pedestrian Crossing is proposed to be constructed at Tufulele, located before the freshwater pool when travelling from Apia towards Faleolo Airport, and after the freshwater pool when travelling from Faleolo Airport towards Apia.

Please find attached photographs for your reference, illustrating some of the driveways identified for resealing and Pedestrian Crossing Location.

Figure 1: Few of Driveways situated at Faleolo proposed to be resealed.

Figure 2: Location of proposed Raised Pedestrian Crossing - Tufulele

3. STANDARDS AND SPECIFICATIONS

The standards will be in line with LTA Specifications for Road Works
