

## Press Release for Samoan Media for publication on the 1<sup>st</sup> FEBRUARY 2026

### FEBRUARY 2026 Retail Fuel Prices

The Minister of Finance has advised that the following changes in retail petroleum product prices, inclusive of VAGST, will apply from 1st February 2026:

- **Petrol:** decrease by 5.7 sene per litre, from \$2.97 to \$2.91
- **Diesel:** decrease by 22.9 sene per litre, from \$3.22 to \$3.00
- **Kerosene:** decrease by 18.7 sene per litre, from \$2.85 to \$2.66

February Retail Prices are based on December Cargo Uplifts from Singapore, delivered into Apia in January.

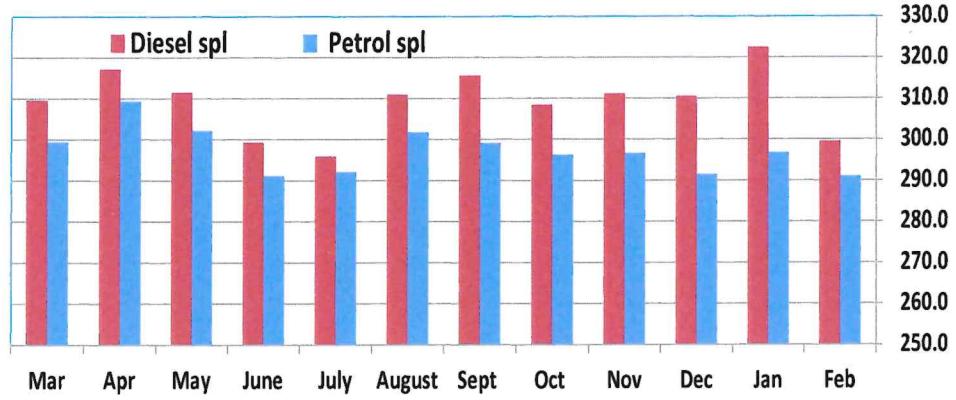

A combination of crude oil oversupply forecasts, high inventories, and slowing economic growth concerns combined to lead the market into a downward spiral during December 2025. Added to this are recent political uncertainties, and the crude and refined product markets can expect further turbulence into 2026.

#### Retail Prices from 1<sup>st</sup> – 28<sup>th</sup> February 2026

Petrol	\$2.91 per litre
Diesel	\$3.00 per litre
Kerosene	\$2.66 per litre
