MARCH 2026 Retail Fuel Prices

The Minister of Finance has advised that the following changes in Retail Petroleum Products prices, inclusive of VAGST, will apply from 1st March 2026:

- **Petrol:** decrease by 9.5 sene per litre, from \$2.91 to \$ 2.82
- **Diesel:** decrease by 0.5 sene per litre, from \$3.00 to \$ 2.99
- **Kerosene:** decrease by 2.9 sene per litre, from \$2.66 to \$2.63

March Retail Prices are based on January Cargo Uplifts from Singapore, delivered into Apia in February.

Prices continue to be affected by a combination of unpredictable economic, political, and supply-related factors.

The decrease in petrol prices is indicative of reduced demand, as winter in the Northern Hemisphere leads to less driving. Diesel and kerosene prices remained relatively stable following significant declines last month.

**Retail Prices from 1st – 31st
March 2026**

Petrol	\$2.82 per litre
Diesel	\$2.99 per litre
Kerosene	\$2.63 per litre
