About AI/ML Innovations Inc.

(CSE :AIML | OTCQB :AIMLF | FWB :42FB)

AIML deploys advanced AI and neural-network signal-processing to turn noisy biometric data- starting with ECG - into diagnostic-grade insight. Our flagship MaxYield™ platform, now in FDA 510(k) review, powers wearables and remote-monitoring systems worldwide. With provisional patents filed for these innovations, we're setting the stage for next-gen ECG technologies. As we continue to expand our IP portfolio and refine our solutions, AIML remains committed to advancing healthcare with precision and speed, empowering better cardiac care worldwide.
