...carried.

Meeting with Suffield Deputy Commander: Steve and Doug met with the Suffield Deputy Commander, who clarified that only civilian operators get approval to operate on the Suffield test range that already have in place a military contract to operate for the military. The military is not looking at taking away business from local groups such as the Foremost UAS Test Range and in the future, for anyone querying about the prospect of operating at Suffield that don't fit the criteria such as what he indicated above, Suffield will not approve and will also inform them to reach out to us to operate in Foremost.

132/25
