

Become a Resource Coordinator

Somewhere between a phone call
and a small miracle is a person who
just needed someone to notice —
that's you: the bridge between
neighbors in need and help
that was there.

Just show up and dial the number.
Training's provided, the work
matters. The reward: a life turning
a corner because you made a call,
a connection, a difference.

NeighborLink

Be a Good Neighbor

Somewhere between casserole dishes and jumper cables lives a magic no app has figured out: a neighbor. That's NeighborLink — a nationwide network of people who notice, and raise their hand.

No cape needed, just a porch light on: a ride, a meal, twenty minutes of company. Got a little time and heart to spare? Come be somebody's good neighbor.
