PORTFOLIO: milicaharris.com

Product Designer with 3 years of product design experience and a background in motion and visual design. Specializes in design systems, complex financial UX, and turning ambiguous product problems into structured, scalable solutions. Comfortable owning a project from discovery through handoff.

EXPERIENCE

Product Designer - Personal Project 2024

Self Directed - Coach App (Fintech)

- Led end-to-end design for a credit education and management app, from discovery and research synthesis through information architecture and hi-fi delivery
- Built a scalable component library in Figma covering all core flows, enabling consistent UI across onboarding, dashboard, and financial action screens
- Conducted a moderated usability session; documented directional findings and drove iteration decisions across clarity, confidence, and decision-support patterns
- Defined accessibility standards including contrast ratios, type hierarchy, and inclusive interaction patterns

Product Redesign Lead 2023

QuantumGaming - Wikibet · Belgrade, Serbia

- Took full ownership of a platform-wide redesign following a leadership transition. No handoff, rebuilt from audit
- Designed and implemented a reusable UI system covering casino, sports betting, and account management flows
- Reworked core navigation and financial transaction flows, reducing interaction depth on key user journeys
- Collaborated directly with engineering on component-level handoff; established interaction standards adopted across the product

Motion Graphics Designer 2020 - 2022

MONDO TV · Belgrade, Serbia

- Built reusable animation templates that reduced production time across recurring broadcast formats
- Designed intros, lower thirds, and branded visual assets for multiple program identities
