Automated Trading Quick Start Guide

10 Minute Set-Up

Our easy set-up guide walks you through everything step-by-step, so you can be up and running in as little as 10 minutes and start copying your chosen AlgoStrategy Expert Advisor.

Once set up, trades are copied automatically, no manual trading required.

Your funds always remain in your own account and you can stop copying at any time with a single click.

Performance fees are only charged on new profits above your previous peak (high-water mark), ensuring you're never charged twice for the same gains. Fees are calculated and deducted automatically at the end of each month.

If you have any questions, our team is always available to help.

Disclaimer: Past performance is not indicative of future results. Trading, including copy trading, involves risk and may result in the loss of capital. Please ensure you fully understand the risks before participating.

Open Your Trading Account

Step 1

Step 5

Once your application has been submitted, click “Secure Client Area” on the email confirmation, set-up your new password and two factor authentication:

Step 6

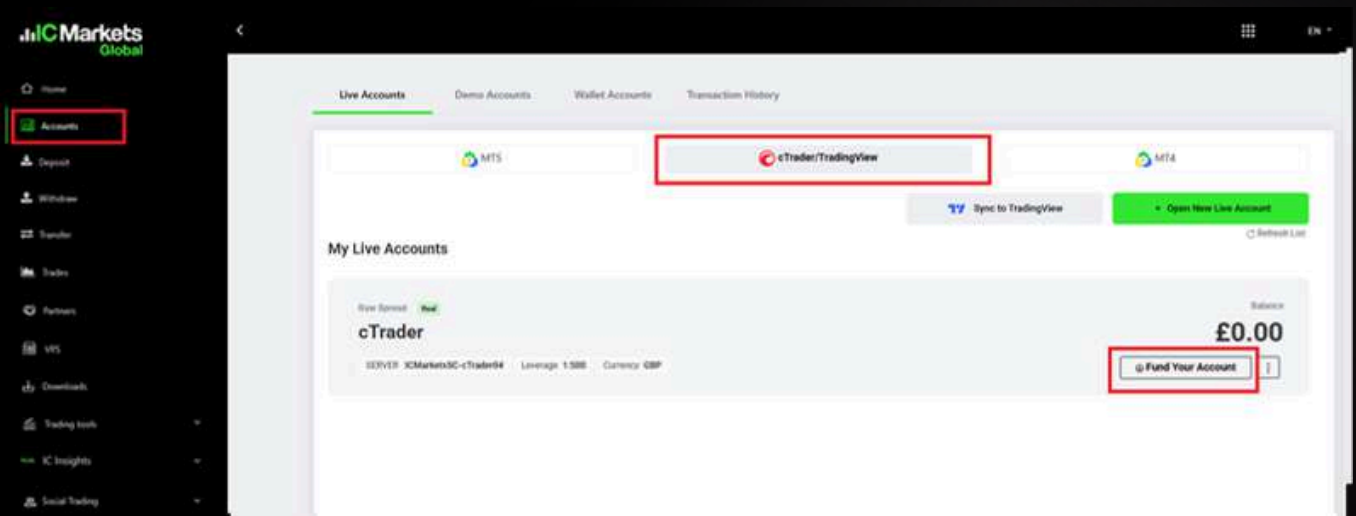

On the dashboard, click “Verify your Account” on the left-hand-side navigation bar and follow the questions on screen:

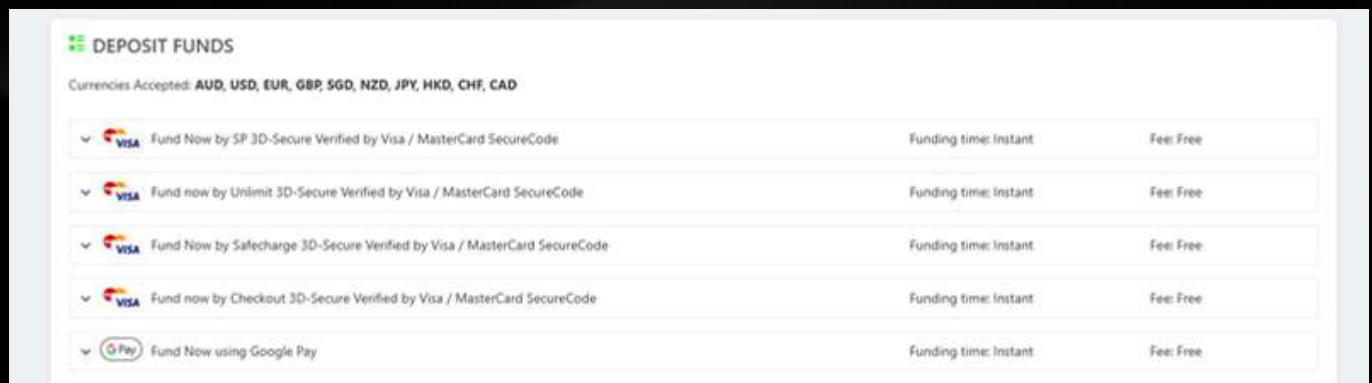

Step 7

You now need fund your account with the amount that you wish to trade.

Click “Accounts” on the left-hand-side navigation bar, “cTrader” under “Live Accounts” and click “Fund Your Account” under your account balance:

The next page provides multiple options to fund your account. Simply click the most suitable option and follow the on-screen instructions:

Copy Your Strategy

Step 8

The final step is to copy your preferred strategy from our AI Expert Advisors by clicking the button below.

Please note that this step must be completed using a desktop or laptop computer.

Copy →

On the strategy page, click “Start copying” on the top right-hand-side of the screen. It will ask you to allocate the funds from your cTrader account on IC Markets, tick the boxes and click “Continue”:

And that's the process complete.

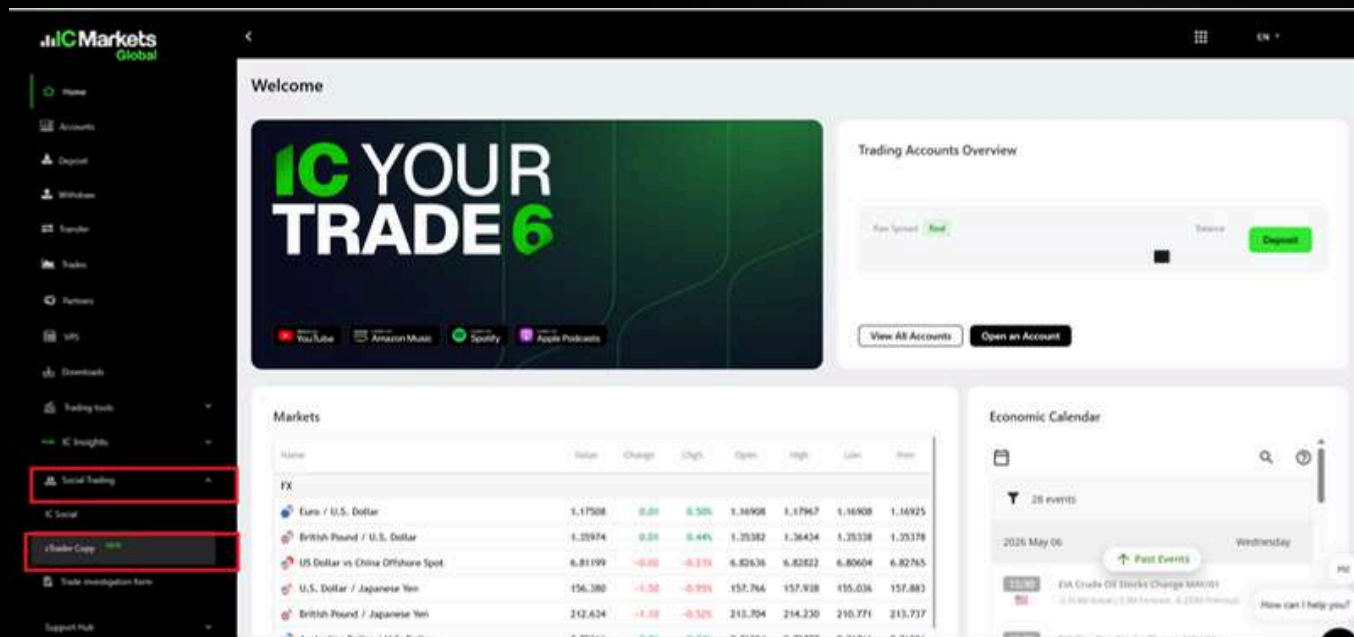

Your funds stay in your own account and it will automatically copy the trades of your selected Expert Advisor with no intervention required from yourself.

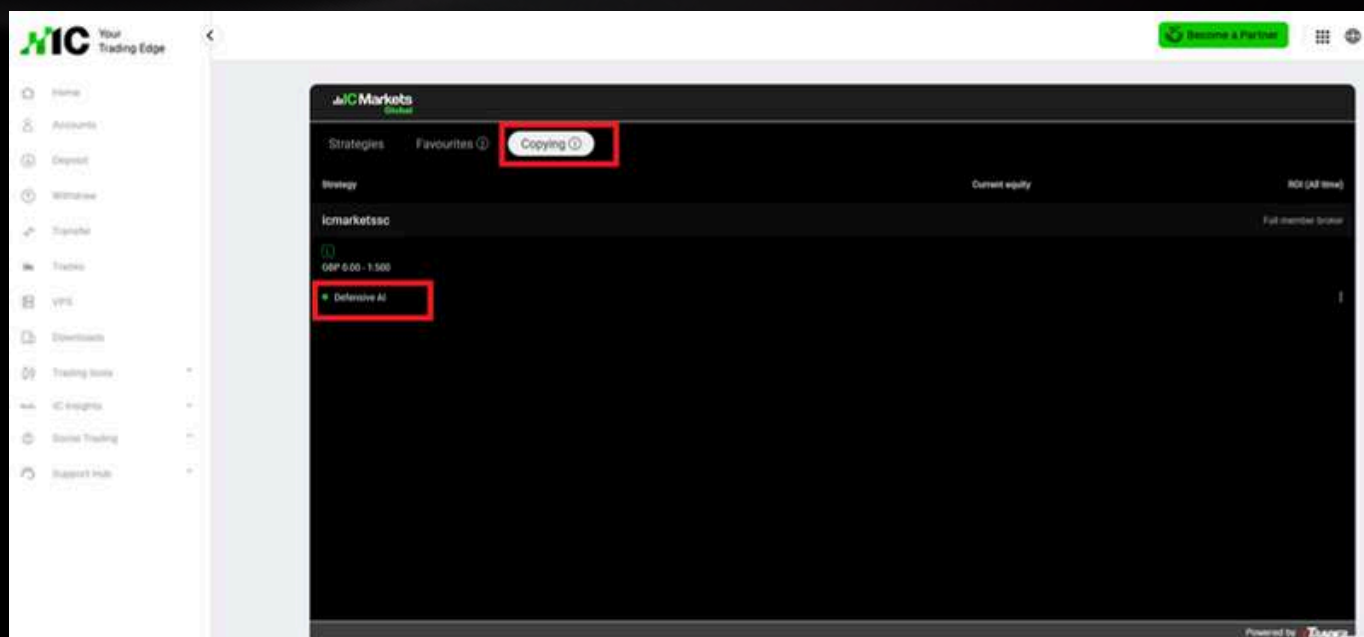

Monitoring Performance

To monitor the performance of your trading account click “Social Trading” and then “cTrader Copy” from the menu on the left-hand-side.

Note that once your funds have been allocated to the strategy, they will be displayed under this section NOT your account balance under “Accounts”.

Click on “Copying” on the top menu and then click on the strategy on the left-hand-side, which will display your investment statistics, including balance, profit, open positions, history and transactions:

The dashboard will display your investment statistics, including balance, profit, open positions, history and transactions:
