

Zenflow

Durability and Excellent Performance

For Residential Pool and Water Features

Zenflow ZF 75

Zenflow ZF 100

Zenflow ZF 150

The Zenflow single-speed pump series combination of new pump body design and high performance motor, offers a more efficient and reliable solution for pool and spa.

Noise reduction design and optimised water flow delivers optimal performance. The Zenflow ZF Series pump is designed for easy and hassle-free installation. The newly designed base makes the pump suitable for retrofitting into existing pool systems, providing an upgrade option for pool owners.

Product feature

Zenflow

- High-output single speed motor ensures consistent water circulation
- Designed to handle a wide range of pool sizes and configurations
- Ideal for filtration, heating, and cleaning applications
- Stainless steel motor shaft for durability and strength
- Built-in thermal overload protection to prevent motor damage
- Self-priming design with excellent suction lift capability up to 3.5m
- IPX5-rated motor for water resistance and outdoor use

Technical Information

*The performance curve above is for 50Hz models.

Model	Connection size	Horsepower	Weight	Input Power	Capacitance
Zenflow ZF 75	50mm ID	0.75 hp	14.5 Kg	0.75 kW	20 μ F
Zenflow ZF 100	50mm ID	1.0 hp	14.5 Kg	1.1 kW	25 μ F
Zenflow ZF 150	50mm ID	1.5 hp	15 kg	1.5 kW	25 μ F

Model	Input (kW)	Current (AMP)	Noise (dB)	Head (m)		Flow Rate (m³/h)			
				6	8	10	12	14	16
Zenflow ZF 75	0.75	3.5	63	16	14.4	12.4	9.5	5.5	-
Zenflow ZF 100	1.10	5	64	20.2	19.8	16.8	14.8	12	8.5
Zenflow ZF 150	1.50	6.8	65	24.5	23.2	21.5	19.2	16.5	12.5
