FloQast BlackLine Buyout Offer: Terms and Conditions

Last updated: November 10, 2026

These terms govern the FloQast BlackLine Buyout Offer (the "Offer") made by FloQast, Inc. ("FloQast").

1. Eligibility. The Offer is available to an organization (a "Customer") that meets all of the following: (a) it is not a current FloQast customer, and has not been a FloQast customer in the 12 months before signing; (b) it has an active, paid BlackLine subscription when it signs its FloQast agreement; (c) it signs a FloQast Order Form for a subscription term of at least 36 months (the "Qualifying Order") on or before December 31, 2026; and (d) it is located in the United States.

There is no minimum remaining term on the BlackLine subscription.

2. The Offer. For a Qualifying Order, FloQast will waive the subscription fees for the products listed on the Order Form for a number of months equal to the time remaining on the Customer's BlackLine subscription, up to a maximum of 12 months (the "Free Period"). Remaining time is measured from the start date of the Qualifying Order to the end date of the BlackLine subscription's current term, rounded up to the nearest whole month. The Free Period begins on the start date of the Qualifying Order. The Free Period does not apply to implementation, professional services, or other non-subscription fees.

3. Confirmation of BlackLine Subscription. By accepting the Offer, Customer confirms that it has an active BlackLine subscription and that the term end date it provides to FloQast is accurate. FloQast may request reasonable documentation of the subscription's term end date. FloQast does not need, and Customer should not provide, a copy of its BlackLine agreement or any information that the BlackLine agreement requires Customer to keep confidential.

4. Customer's BlackLine Agreement. Customer remains solely responsible for its BlackLine agreement, including all fees owed through the end of its term. FloQast does not make any payment to BlackLine, does not assume any of Customer's obligations, and does not advise Customer on terminating or modifying its BlackLine agreement. Customer is responsible for complying with its BlackLine agreement.

5. Committed Term. The Free Period is part of the Qualifying Order's committed subscription term. All fees for the remainder of that term are due as stated in the Order Form. The Free Period has no cash value and cannot be applied to any other order or term.

6. Order Form Controls. The Offer applies only if it is stated in the Qualifying Order. The Qualifying Order and FloQast's Master Subscription Agreement and Data Processing Addendum shall govern the subscription. If these terms conflict with the Qualifying Order, the Qualifying Order controls.

7. Limitations. The Offer is limited to one Qualifying Order per Customer and its affiliates. It cannot be transferred, exchanged for cash, or combined with any other FloQast promotion or discount unless FloQast agrees in writing.

8. Public Sector and Policy Compliance. Customer is responsible for confirming that accepting the Offer complies with its own procurement and gift policies and with applicable law. FloQast may decline to extend the Offer to government entities or other organizations whose rules restrict it.

9. Changes and Termination of Offer. FloQast may modify, suspend, or end the Offer at any time before a Qualifying Order is signed. Changes do not affect a Qualifying Order that has already been signed. The Offer is void where prohibited.

10. Trademarks. BlackLine is a trademark of BlackLine, Inc. FloQast is not affiliated with, sponsored by, or endorsed by BlackLine, Inc.
