Who We Are

Spratley & Partners are an approachable team of architects, with a reputation for maximising the potential of people, design, planning and return on investment. Youthful and dynamic designers, we exercise smart thinking, strong commercial knowledge and work hard to deliver without compromise, forming enduring relationships with our clients by working without ego, listening and adapting our thinking accordingly.

Sustainability is at the core of our practice and our retrofit-first approach means we are able to bring new life to renovations and make clever interventions to period properties. New builds are designed with a tangible sense of identity and our projects provide record rental returns, utilise pioneering innovation and win national acclaim.

With offices in Henley-on-Thames and Bristol, we work predominantly in London, the South East and South West, across a broad range of projects from private homes, boutique hotels and country estates to business parks, research labs and elite universities.

Our estates work includes property preservation, development and strategic works that diversify and enhance value and use. Our approach is to question and draw out the opportunities – reusing where possible, bringing derelict sites back into use, making clever adaptations or reimagining entire sites to find the best results and generate new income.

We collaborate with our partners to deliver projects that are sustainable, commercially successful and that create a sense of place and belonging. We consider the buildings, the spaces between and the historical and socio-economic context to create vibrant communities that support the ongoing maintenance and custodianship of the land.
