

One platform for total fleet management

- Meet regulatory compliance
- Support driver safety
- Improve visibility over your fleet
- Improve fuel management

Geotab is a global leader with local expertise

25+ years

of fleet management
excellence

50,000+

customers
worldwide

80+ Billion

data points for better
fleet predictions

4.7+ Million

subscriptions for powerful
benchmarking as a global
leader with local expertise

Top fleet management solutions

- Electronic Work Diary
- Fuel Tax Credits
- Fringe Benefits Tax
- Driver Tracking
- Dash Cams
- Fleet Maintenance
- Driver Safety Reporting
- EV Suitability
- Asset Tracking
- Driver Tracking
- In-Vehicle Alerts
- Fuel Management

"What we found is that we had a very high idle time. We were spending around \$180,000 a year in diesel just in idle, and we're still continuing to find efficiencies and improvements."

Dubbo Regional Council, NSW
Manager Fleet and Dept Services

Geotab is now TCA/TMA certified with both:

Level 1: Road Infrastructure Management (RIM)

Level 2: Telematics Monitoring Application (TMA)

#1 commercial telematics solution
worldwide by ABI research

Hardware for connected fleets

Engineered for precision and durability

GO9

Flagship fleet tracking device that plugs into a vehicle's standard OBD II port

GO Rugged

Vehicle tracking device for harsh and rugged conditions

9 and 16 pin T harness adaptors

Adaptor connects GO device to vehicle's diagnostic port

GO Anywhere Asset Tracker

Battery powered asset tracker to monitor and safeguard powered and non-powered equipment

GO Talk

Audible text-to-speech expansion provides spoken alerts to drivers

NFC Driver ID Reader

Key fob reader for driver identification and vehicle access

Iridium Satellite Modem

Satellite connectivity over the Iridium network for remote areas

“

We get information about harsh cornering, harsh braking, harsh acceleration, and if the driver is wearing a seatbelt and not wearing a seatbelt.

BC Sands, NSW / Managing Director

“

Geotab really enables us to ensure our operations are as efficient and smooth as possible, and that our drivers stay safe when they're out on the road.

OzHarvest Australia, NSW / National Operations Lead

Geotab Marketplace

Marketplace is where you can find additional integrations and solutions, to shape your fleet management strategy.

Benefits to using marketplace

- Extended capabilities
- Customisation and flexibility
- Deep industry expertise

myGEOTAB™

A complete view of fleet performance

View live vehicle positions and see where vehicles have been

See which drivers and groups are most at risk of incidents
