website\*

### Know the facts. Know the risks.

#### Directors and Officers Obligations

Business owners and directors are personally responsible for vehicle safety at work.

#### Road risk is workplace health & safety

Vehicle use is the most significant contributor to work-related traumatic injury.

#### Duty goes beyond ownership

It applies to company cars, grey fleet, contractors and hired vehicles.

#### Risk exists on every trip

On public roads and private sites, distance does not reduce responsibility.

#### Turn fleet safety into savings

- Fewer incidents, fewer claims
- Stronger position with insurers
- Lower running costs
- Less vehicle wear
- Better resale value

# CONNECTED FLEET SAFETY FOUNDATIONS PLAN

## REAL-TIME ALERTS. CLEAR REPORTING. EVIDENCE WHEN IT MATTERS.

The Foundations Plan provides a simple way to keep fleet safety active, visible, and defensible without added complexity.

### What's Included

- ▶ continuous safety monitoring from your connected vehicle
- ▶ safety alerts sent directly to drivers or managers to prompt immediate action
- ▶ monthly safety reports highlighting trends, behaviours, and emerging risk
- ▶ clear records of safety activity without manual effort
- ▶ local Australian support

### Vehicle Safety Made Simple

- ▶ alerts that drive timely action and behaviour change
- ▶ reports that support data-informed decisions without complexity
- ▶ evidence available when detail is required
- ▶ continuity as vehicles and drivers change
- ▶ predictable monthly cost

### Pricing

**\$99 per vehicle** per month

or

**\$79 per vehicle** per month  
when paid annually upfront
