# WANT BETTER CONNECTIVITY? UPGRADE TO A SMARTER ANTENNA!

## WORLD CLASS TECHNOLOGY FOR WORLD LEADING PERFORMANCE

Every Zetifi Smart Antenna has the same DNA.

Meticulously designed and engineered using proprietary methods and patented smart antenna technology.

Build quality is at a premium thanks to carefully selected materials that have been proven under tightly controlled conditions and processes.

Performance has been stress-tested in the harshest local conditions over thousands of kilometres of corrugated roads, mine sites and farm tracks.

And because every model has been extensively tested in a wide range of real-world conditions, **we can guarantee you proven real-world performance... or your money back.\***

When you choose Zetifi, you are buying world class, industry-leading performance and reliability.

Australian-made. Smarter design.  
Quality assured. Performance guaranteed.
