ABOUT US

Formed in mid-2024, **Black Ivar** has been carving their name into the heavy music scene with a sound that fuses crushing low-tuned guitars, **deathcore** aggression, **nu metal** grit, and anthemic, sing-along choruses.

Fronted by a powerful **female vocalist** and backed by relentless riffs and breakdowns, **Black Ivar** delivers intensity and emotion in equal measure.

Available on all streamings platforms, YouTube, Soundcloud and Bandcamp, “*Lovely House*” stands as our first full length release soon to be followed by a new EP currently in production and set to release in early 2027.
