## SOFT CLOSE HINGE

## NEW MultiFit Soft Close Hinge

The Atlantic MultiFit Hinge is a premium soft-closing hinge for aluminium, steel, timber, and PVC gates. Its slimline, contemporary design delivers reliable performance with a refined finish.

Available in black or white with paintable covers, it integrates seamlessly with any gate style. Controlled soft-closing action enhances pool safety, while a discreet non-climbable cap adds extra protection.

Quick to install, with easy position adjustment and ratchet tension control, this patent-pending hinge exceeds stringent Australian standards and is backed by a market-leading three-year warranty.
