About Us

Our Mission: Fueling Africa's Future

Etyev Oil International, a division of Energetech Group, epitomizes the consolidation of expertise from the oil and gas sector, where individuals have seamlessly translated their passion into a dedicated professional endeavor.

Headquartered in Kinshasa, Democratic Republic of Congo, we specialize in trading and delivering petroleum products worldwide, with deep expertise in last-mile fuel delivery, storage, and supply optimization. Leveraging our extensive logistics capabilities and market knowledge, we ensure reliable, timely, and competitively priced fuel supply powering industries, businesses, and transportation networks exactly when and where required.

As a pivotal player in global energy dynamics, Etyev Oil International remains agile in responding to market fluctuations to fulfill all customer requirements. Our mission is centered on fostering cost-effective, innovative, and environmentally friendly energy circulation from natural resources for societal benefit. Our operational scope spans various sectors, encompassing trading and distribution, production, refining, storage and blending, shipping, and downstream activities.

Leveraging our expertise and robust logistical networks, we facilitate the efficient and responsible distribution of energy worldwide while forging enduring partnerships on a global scale.

A Strategic Arm of the Energetech Group

SUPPLY. INNOVATE. IMPOWER.

Our vision is to be your trusted partner in energy supply and infrastructure development, continuously adapting to market changes and emerging trends. We are dedicated to fueling business growth through strategic trading, structured products, and direct investments in energy assets. Our dual role as both market participants and infrastructure developers gives us a comprehensive understanding of the energy value chain — from sourcing and pricing to delivery and distribution.

Energetech Group is firmly rooted in the energy industry. Established by seasoned professionals, a team of 50+ individuals from oil majors, trading houses and utilities, with a track record of generating over \$20 billion in revenue, Energetech Group demonstrates a significant global reach and a diverse client base. This foundation underscores our capability to deliver exceptional value and innovative solutions to our clients worldwide.

Global Talent with Deep Industry Roots

Our ongoing success is rooted in a profound understanding of the markets we engage in. Supported by adept logistics management and a team of seasoned traders, we are well-equipped to address the needs of our diverse clientele.

Our team is composed of professionals with decades of experience in global oil trading, logistics, and fuel supply, having held key positions at major companies such as Vitol, Trafigura, Shell, Glencore, and BP. This collective expertise spans crude and refined product trading, terminal operations, bunkering, downstream distribution strategy, contract structuring, and regulatory compliance.

At Etyev Oil, we bring together global best practices and local operational knowledge to build a high-performance business that is agile, informed, and resilient.

Our Approach

Agile

Product and Service Offering

Customer-Focused Energy Services

Etyev Oil places a strong emphasis on understanding and meeting the unique needs of our clients.

Our customer-focused energy services are designed to provide tailored solutions that enhance operational efficiency, reduce costs, and manage risks effectively.

Supply and Delivery of Products

Etyev Oil specializes in the supply and delivery of essential oil products including:

- Diesel
- Gasoline
- Heavy fuel oil (HFO) & Light fuel oil (LFO)
- Lubricants
- Specialty Oil Products.

Integrated Services – Full Value Chain

We operate across the full downstream value chain — from import coordination and port handling to regional trucking and final delivery — ensuring seamless and cost-effective fuel supply to our clients.

Our integrated services include:

- Bulk fuel supply contracts
- Port and terminal logistics
- Strategic storage solutions
- Last-mile delivery to both industrial and commercial customers.

Regional Presence and Logistics Excellence

Etyev Oil's operations are built upon a deep understanding of the Central African fuel market.

With our base in the DRC, we are strategically located to serve mining hubs, industrial centers, and cross-border trade routes. We maintain strong relationships with regional distributors, port authorities, and logistics providers, enabling us to manage the complexities of fuel movement across challenging geographies.

Our logistics capabilities include contracted trucking fleets, port access points, river barging solutions, and inland depots, giving us the flexibility and reach to fulfill even the most demanding delivery schedules.

Regional Presence:

- South Africa
- Mauritius
- DRC
- Tanzania
