TEAM SYNERGY WORKSHOP

East Wellington Family Health Team

December 2, 2026

Objectives

1. **Build a shared, practical, 'common language'** for how team members read risk, outlook, and expectations differently, and how that shapes day-to-day collaboration;
2. **Strengthen collaboration** across roles, generations, and the three organizations that make up the team;
3. **Explore the above interactively** using relevant scenarios and reflect on various perspectives as a group
