

OVERVIEW

For nearly 25 years, The Russell Family Foundation (TRFF) has worked closely with hundreds of community partners in the Puget Sound region to achieve its vision for a sustainable world. Today, TRFF is committed to environmental sustainability through its investment strategy, operations, and grant-making efforts.

Gig Harbor, WA

Thematic Priorities

Impact Investing	Community Engagement	Collaborative Solutions
<i>Funding programs designed to create positive change at the community level</i>	<i>Supporting initiatives developed and led by community members</i>	<i>Working alongside communities to identify and implement effective solutions</i>

Services Offered & Programs

Grantmaking	<i>Providing financial support to community-based organizations and initiatives</i>
Catalytic Climate Finance	<i>Taking action on the climate crisis through solutions to help defend against the impacts on our communities.</i>
Environmental Education Program	<i>Providing support to organizations that offer outdoor environmental education experiences for youth. We focus funding on programs serving middle and high school-age students who live in Pierce, Kitsap, Thurston, Jefferson, Mason, and South King Counties.</i>
Food for Climate Solutions	<i>Addressing climate change by focusing on local farmers and the regional food system</i>
Jane's Fellowship Program	<i>A year-long program that brings together a local leaders who are actively serving Pierce County and working to address a wide range of community challenges</i>

Partners and Stakeholders

- Community Organizations: Providing funding and support to local organizations implementing community-driven programs.
- Community Members: Working directly with community members to understand their needs and priorities.
- Potential Grantees: Providing information and resources to organizations interested in applying for funding.
