

OVERVIEW

The Bridgespan Group is a global nonprofit that aims to build a better world by strengthening the ability of mission-driven organizations and philanthropists to achieve breakthrough results in addressing society's most important challenges and opportunities.

Bridgespan supports changemakers and capital providers working to break cycles of poverty, advance core human rights, protect the planet, and nurture thriving, diverse democracies through a range of scalable programs and services that build capabilities, strengthen organizations, and unlock capital. We draw on our collaboration with sector leaders to develop and share ideas, tools, and insights that can advance sector-wide impact.
