GENERAL DISCLAIMER

Please carefully read the following disclaimer regarding the information presented in these slides:

Dynamic Information: the information provided in these slides is subject to change. We endeavor to keep all information current and accurate, but changes may be introduced by the product partners and/or service partners without prior notice.

No Responsibility for Misrepresentation: while XPro makes every effort to present clear and accurate information, we are not responsible for any misunderstandings, misrepresentations, or incorrect promotions by third parties.

Informational and Educational Use Only: the content of these slides is intended solely for informational and educational purposes. Although we strive for accuracy and completeness, the information is provided “as is” without any warranty, whether express or implied.

Forward-Looking Statements and Risks: this presentation may contain forward-looking statements that involve risks and uncertainties. Forward-looking statements may be referenced by use of the words “believes”, “should”, “anticipates”, “expects”, and other similar words. Actual results may differ from those projected. Past performance does not predict future returns. Hypothetical Examples: Some content may include hypothetical examples for illustrative purposes only. Actual results may vary.

No Financial or Legal Advice: XPro does NOT offer any financial services such as trading, arbitrage, virtual assets selling, or buying. Nothing in these slides should be interpreted as financial, legal, or investment advice.

No Investment Opportunity: XPro and the products and services of our product partners and service partners shall not be understood as an investment opportunity.

Third-party Products, Services and Projects: we offer access to third-party products, services and projects, but we are not responsible or liable for the functions and performance of these products, or any other aspects of such products, services and projects. Such inclusion does not imply any association between us and the third-party products, services and projects.

Informed Decisions: we strongly recommend to make informed decisions before engaging with any activity related to fintech-related products and/or virtual assets, relying on professional consultations if needed. Any decisions from this presentation should be made independently, and users are encouraged to carry out their own due diligence and research. The information provided shall not be considered nor be taken as a call-to-action or an urge to join and/or sign for the described features.

Risks Associated with Fintech-Related Products and/or Virtual Assets: it is important to understand the risks associated to fintech-related products and/or virtual assets, as you may lose all the money. For more information regarding the risks associated with fintech-related products and/or virtual assets, please visit us on <https://xpro.gitbook.io/wiki.xpro.global>.

Limitation of Liability: by viewing these slides, you acknowledge and agree that XPro and its affiliates shall not be held liable for any losses incurred based on the information provided.

Remember, it is crucial to stay informed and consult independent professionals as needed. Thank you for your attention to these important details.
