17.2 Termination. You may terminate at any time by contacting support. We may terminate immediately in specified cases (including serious breach, suspicion of unlawful activity, insolvency, prolonged suspension, provision of false or misleading information, failure to reimburse a negative balance, or any other reason in our discretion). Otherwise, we can terminate for convenience by giving you 1 week's notice. We may be required to treat dormant balances as unclaimed property under escheat laws. We will use reasonable efforts to notify you before remitting funds and may deduct fees as permitted by law.

Article 18. DISPUTE RESOLUTION, BINDING ARBITRATION AND WAIVER OF CLASS ACTION

18.1. Please read the following paragraphs carefully because they waive any right to participate in any class action or other representative action or proceeding. Unless you opt out of arbitration by following the instructions below, this paragraph also requires you to arbitrate certain disputes and limits the manner in which you can seek relief, including by precluding you from suing in court or having a jury trial. No class or representative actions or arbitrations are allowed under this Agreement.

18.2. No Class Actions. Any claim, controversy or dispute arising out of or related to this Agreement or any Digital Asset Services, including claims related to privacy and data security (each, a "**Dispute**") is personal and will be resolved solely through individual action. No Dispute will be brought as, or subsequently joined with or converted into, a class action, class arbitration, or any other type of representative proceeding. You agree that any arbitration under this Agreement will take place on an individual basis; class arbitrations and class actions are not permitted, and you are agreeing to give up the ability to participate in a class action. The arbitrator will have authority to award temporary, interim, or permanent injunctive relief or relief providing for specific performance of this Agreement, but only to the extent necessary to provide relief warranted by the individual claim before the arbitrator. The award rendered by the arbitrator may be confirmed and enforced in any

court having jurisdiction thereof, which the parties agree shall include any federal or state court located in New York County, New York.

- 18.3. Arbitration of Disputes. With only limited exceptions as described in Article 18, all Disputes between you and us must be resolved by binding arbitration and not in a court of general jurisdiction. By agreeing to binding arbitration both you and we waive any and all right to a jury trial or to participate in a class action. Your agreement to this Agreement affects interstate commerce and the enforceability of this Article 18 will be substantively and procedurally governed by the Federal Arbitration Act, 9 U.S.C. § 1, et seq. (“**FAA**”), to the maximum extent permitted by applicable law.
- 18.4. Notice of Dispute. For any Dispute you have against us, you agree to first contact us and attempt to resolve the claim informally by sending a written notice of your claim. The notice must: include your name, address, email address, and telephone number; describe the nature and basis of the Dispute; and set out the specific right sought. Any notice by us to you will be similar in form to that described above. If you and we cannot reach an agreement to resolve the Dispute within thirty (30) days after receiving such notice, either party may submit the Dispute to binding arbitration in accordance with this Article 18.
- 18.5. Arbitrator Selection and Rules. Arbitration of Disputes will be administered by Judicial Dispute Resolution LLC, a Washington limited liability company (“**JDR**”), and resolved through confidential, binding arbitration before a single, mutually agreed arbitrator from JDR. If the parties cannot agree on an arbitrator from JDR, the arbitrator shall be selected by JDR. The arbitration, although administered by JDR, shall be conducted in accordance with the American Arbitration Association Commercial Arbitration Rules (“**AAA Rules**”) modified as appropriate to refer to JDR rather than American Arbitration Association (“**AAA**”) as the administrator of the proceedings and to remove any requirement to have AAA review, certify or register this Agreement. You either acknowledge and agree that you have read and understand the AAA Rules or waive your opportunity to read the AAA Rules and waive any claim that the AAA Rules are unfair or should not apply for any reason. The AAA Rules are incorporated by reference and in the event of any conflict between this Agreement and the AAA Rules, this Agreement shall prevail.
- 18.6. Scope and Authority. As limited by the FAA, this Agreement, and the AAA Rules, the arbitrator will have exclusive authority to make all procedural and substantive decisions regarding any dispute, including the power to determine the question of arbitrability and resolve any Dispute about whether a claim or action is excepted from arbitration pursuant to Article 18, and to grant any remedy and award any relief that would be available in court for the claims presented in arbitration. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual’s claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual. Judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. The arbitrator is bound by this Article 18.
- 18.7. Hearing and Location. Whether to hold a hearing, the type of hearing (telephonic or in-person), and a party’s right to request a hearing where the AAA Rules otherwise call for resolution of the Dispute solely because of documents submitted by the parties will all be determined in accordance with the AAA Rules. Unless otherwise ordered by an arbitrator or required by AAA Rules, all in-person arbitration hearings will be held in New York County, New York.
- 18.8. Confidentiality. The arbitration may allow for the discovery or exchange of non-privileged information relevant to the Dispute. The arbitrator, we, and you will maintain the confidentiality of any arbitration proceedings, judgments, and awards, including information gathered, prepared, and presented for purposes of the arbitration or related to the Dispute. The arbitrator will have the authority to make appropriate rulings to safeguard confidentiality, unless applicable law provides to the contrary. The duty of confidentiality does not apply to the extent that disclosure is necessary to

prepare for or conduct the arbitration hearing on the merits, in connection with a court application for a preliminary remedy, or in connection with a judicial challenge to an arbitration award or its enforcement, or to the extent that disclosure is otherwise required by applicable law or judicial decision.

- 18.9. Fees and Costs. The party that initiates arbitration will pay any administrator filing fee and you and we will share equally any other fees or costs charged by the administrator or arbitrator. Each party will be responsible for its own costs of counsel and other costs associated with arbitration of the Dispute.
- 18.10. Opt-Out. You have the right to opt out of binding arbitration within 30 days of the date you first accepted this Agreement by emailing your decision to opt out to the Platform Partner. In order to be effective, the opt-out notice must include your full entity name and address and clearly indicate your intent to opt out of binding arbitration. By opting out of binding arbitration, you are agreeing to resolve Disputes in accordance with this Article 18. The class action waiver in Section 18.2 above, and the time bar in Section 18.12 below will apply notwithstanding you opting out of arbitration.
- 18.11. Excepted Claims. Notwithstanding Section 18.3, there is no requirement to arbitrate, and you and we may bring: (a) an individual small claims action to the small claims court in your and our respective county of residence as provided in the AAA Rules; or (b) an action seeking only a temporary restraining order or injunction for alleged breach of Confidential Information obligations or for alleged infringement or misappropriation of intellectual property rights in any court having jurisdiction; provided that, in each case, the action is brought as an individual action and not on a class or representative basis.
- 18.12. Time Bar. Any Dispute must be filed within one year after the relevant claim arose; otherwise, the Dispute is permanently barred, which means you and we will not have the right to assert the claim.
- 18.13. Severability. If any portion of Article 18 is found to be unenforceable or unlawful for any reason, (a) the unenforceable or unlawful provision shall be severed from this Agreement; (b) severance of the unenforceable or unlawful provision shall have no impact whatsoever on the remainder of this Article 18 or the parties' ability to compel arbitration of any remaining claims on an individual basis pursuant to this Article 18 and (c) to the extent that any claims must therefore proceed on a class, collective, consolidated, or representative basis, such claims must be litigated in a civil court of competent jurisdiction and not in arbitration, and the parties agree that litigation of those claims shall be stayed pending the outcome of any individual claims in arbitration. Further, if any part of this Article 18 is found to prohibit an individual claim seeking public injunctive relief, that provision will have no effect to the extent such relief is allowed to be sought outside of arbitration, and the remainder of this Article 18 will be enforceable.

Article 19. Miscellaneous

19.1 General. Unless these Terms say otherwise, communications relating to the Services may be made through the platform or handled by our support team or the Platform Partner's support team. We may provide communications through the platform or to the email you provide; please review platform messages regularly. We will assume you have read a message if it is available when you log on to the platform. The most up-to-date version of these Terms and Service Partner terms is available via the platform or our website. You may not assign these Terms without our consent; we may assign these Terms and use subcontractors or Service Partners and remain responsible for their performance. In the event of a breach of these Terms, we are entitled to seek injunctive relief in any court of competent jurisdiction without the requirement to post bond or other security. These Terms and any applicable partner terms comprise the entire agreement for the Digital Asset Services. This agreement does not create a partnership, franchise, joint venture or agency relationship between the parties (unless otherwise provided for). If any provision is unenforceable, the remainder remains in effect. No waiver is effective unless in writing. Certain states require additional disclosures, which are available on our website. Neither you nor we intend that any term of these Terms will be enforceable by any person who is not a party to these Terms.
