

Business Management Degree Pathway

Introduction

Designed for tomorrow's leaders, our Business Management Degree Pathway provides aspiring and practising business professionals with the commercial awareness and business knowledge skills to successfully lead up, across, down, and inward and deliver results in all directions within an organisation.

The course will take a strategic perspective on business and management that helps students develop the skills to contribute to the major business decisions organisations have to make about their future.

By exploring and examining real-life business problems, learners will enhance their own understanding of how businesses work and learn how to effectively manage people, develop strategies, handle risks, take decisions and drive transformational change within organisations.

Double your opportunities with Coventry University and KNIGHTS

This programme allows you to secure not one but two internationally recognised degree-level certifications from Coventry University and KNIGHTS concurrently through one programme, amplifying your academic credentials in an unprecedented manner.

Upon completing the programme, you will graduate with a globally accredited degree from a top UK university and a leading further and higher education institution in Malta.

Why does this course benefit individuals?

- Use core management techniques to drive better results
- Develop your ability to lead, motivate and inspire
- Provide strategic leadership and day-to-day management
- Raise your profile in your organisation
- Enhance your resume with five certifications

Why does this course benefit employers?

- Improved strategic thinking
- Increased performance
- Improved employee confidence
- Enhanced decision making and productivity

This course is available in four phases

One programme,
four phases,
five certifications

By the end of this programme, students will be in possession of an MQF Level 5 Certificate, Diploma and Foundation Degree in Business Management, and an MQF Level 6 BSc in Business Management or Business Management and Human Resources, awarded by KNIGHTS.

Students will also earn a BSc (Hons) in Business Management from Coventry University.

Programme Structure

The Business Management Degree Pathway is comprised of four entry and exit points, providing students with a set of pathways to earn their bachelor's degree. Students are able to combine their studies with family obligations and/or a job and create a pathway that works for their schedule.

How does it work?

Because the programme is made up of different phases, students who enrol in this course get to obtain a fully accredited and globally recognised certificate for each phase that they complete, whilst also earning a fifth certificate from Coventry University.

“The BSc in Business Management at Knights was a big part of my professional growth. The course delivered real-world skills in leadership, operations, and strategy that I could use instantly apply in my role. Being sponsored by my company added another layer of value, that support wasn’t just about covering costs, but a clear vote of confidence in my growth. Balancing work and study pushed me to step up, think differently and bring fresh perspectives to the table. Plus, earning another qualification from Coventry University gave me even more credibility and confidence. That experience was crucial in me taking my career to the next level. More than a degree, this programme gave me the skills and mindset to achieve greater success.”
