Scope of Quality Management System (QMS)

Knights (KNIGHTS) has implemented its Quality Management System (QMS) in line with the requirements of ISO 9001:2015.

The scope of this QMS covers all activities at KNIGHTS from the Student Life Cycle which includes admissions, enrolment, student welfare & support, resources, student centred teaching, learning, assessment and certification, to the design, review and monitoring of study programmes. Services are offered across the Maltese Islands and through overseas franchise partners.

Exclusions to the scope: KNIGHTS does not undertake calibration of monitoring and measuring resources and thereby section 7.1.5.2 Measurement traceability has been excluded.
