

PRODUCT & LIFESTYLE STUDIO PHOTOGRAPHY SERVICES

FURNITURE AND INTERIOR DESIGN VISUAL PRODUCTION SERVICES

Not just pictures. Purposeful visual storytelling. We create lifestyle photography that highlights your craftsmanship and connects with your audience's lifestyle aspirations.

01. Studio Product Photography

Clean, high-resolution images captured in a professional studio setting—ideal for e-commerce, packaging, and catalogs.

02. Lifestyle Photography

Styled shoots that place your product in real-life settings, helping customers visualize use and feel brand connection.

03. Product Videography

Showcase your product in motion with cinematic footage that highlights key features, benefits, and design.

04. **Styled Room Scenes**

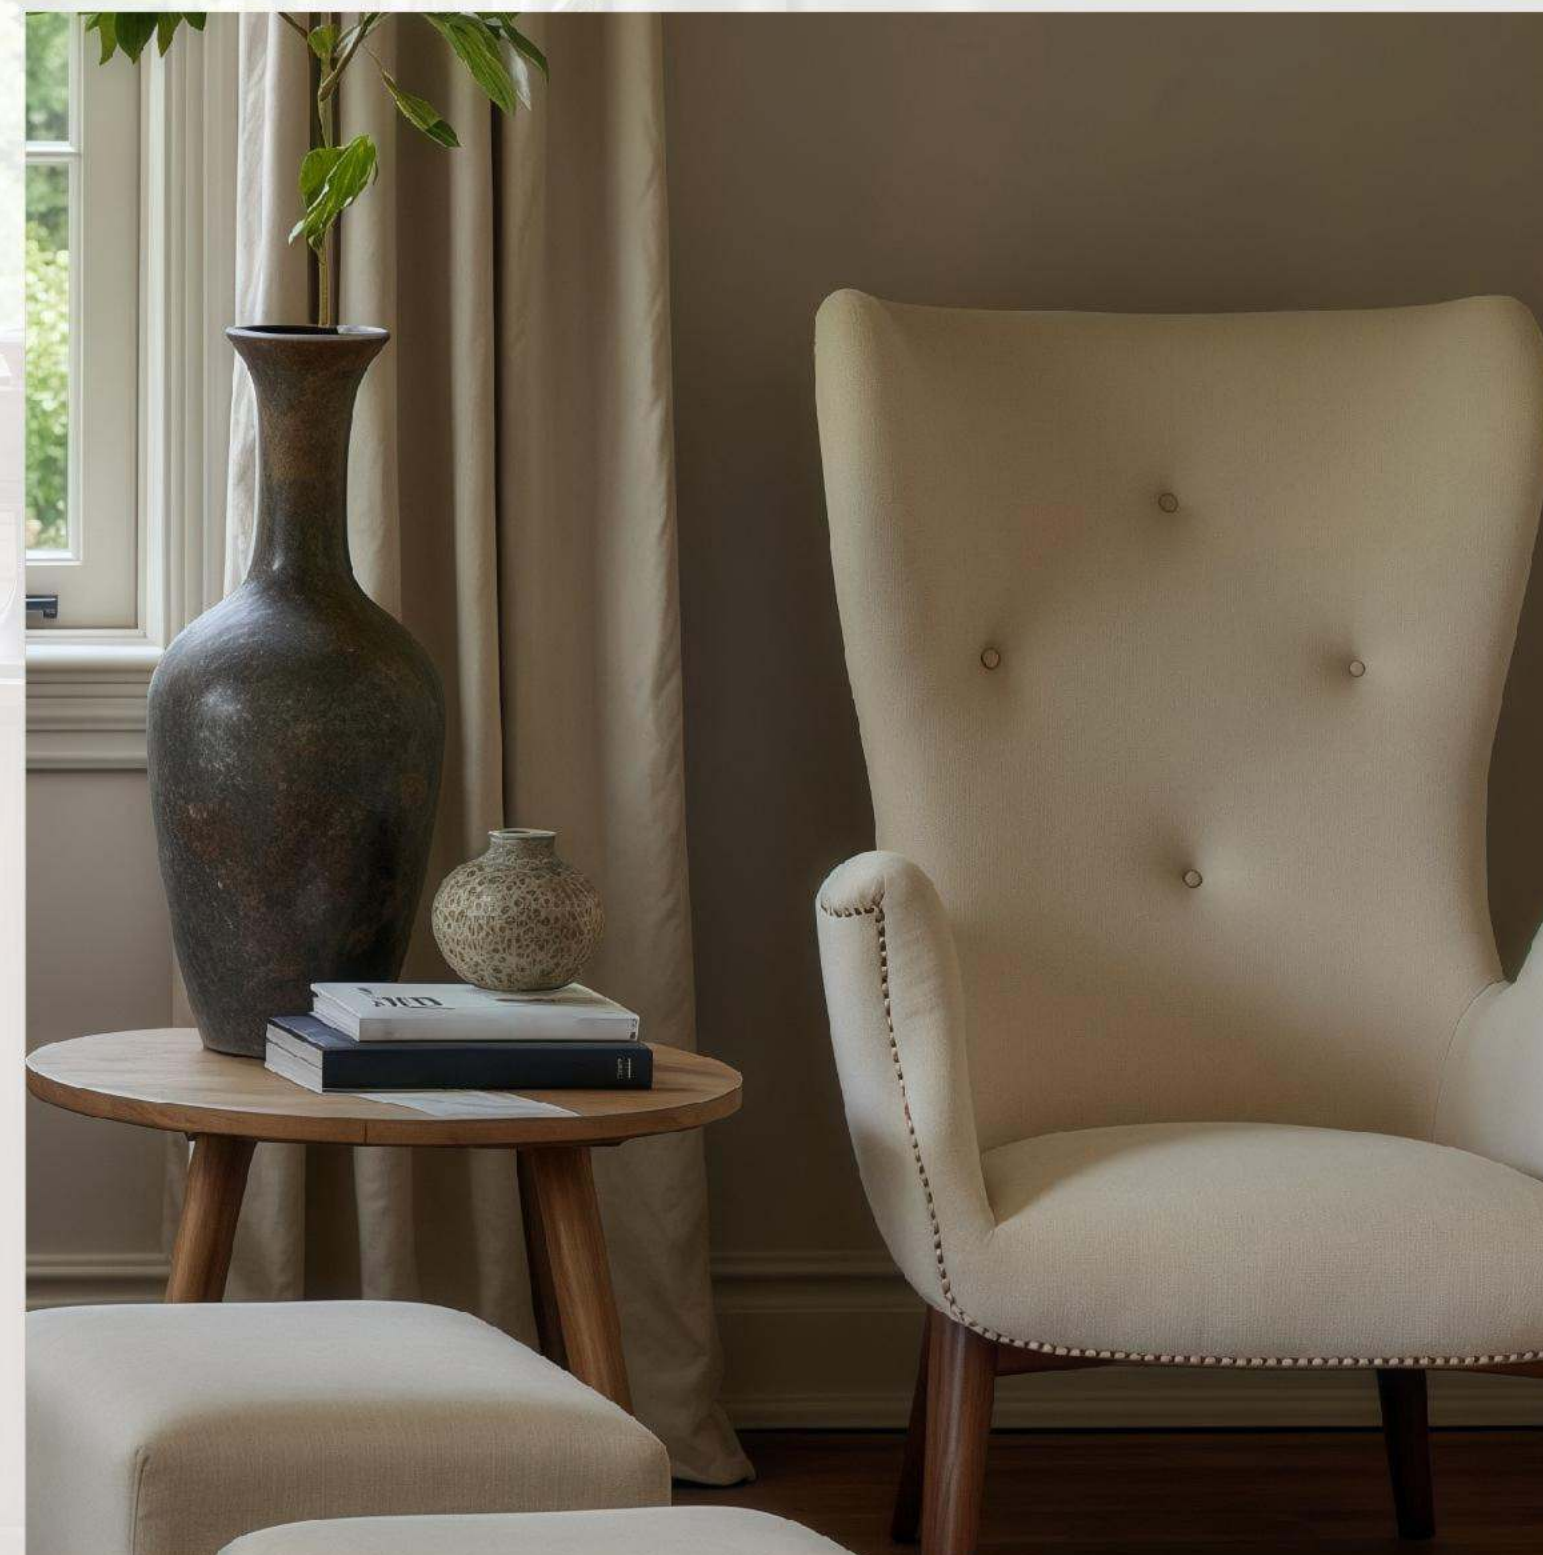

Custom-designed interiors featuring your product, available with real sets or 3D-rendered environments for visual storytelling.

05. **Assembly & Instructional Videos**

Clear, easy-to-follow videos that guide customers through setup and use—reducing returns and enhancing satisfaction.

06. **360° Product Spins**

Interactive spins that give customers a full view of your product from every angle—boosting engagement and conversions.

07. 3D Rendering & Virtual Staging

Photo-realistic 3D visuals that bring your product to life—perfect for pre-launch marketing and design previews.

08. Catalog Design & Production

Professional layout and design for both print and digital catalogs, including fast 48-hour revisions and interactive PDF generation.

09. Brand-Aligned Styling

Custom styling and creative direction that aligns with your brand's aesthetic, ensuring visual consistency across all assets.

10. Fast Turnaround & Scalable Solutions

Streamlined workflows with rush options and flexible packages to meet tight deadlines and evolving project needs.

INTERIOR DESIGN & STYLING SERVICE

Custom interior styling and furniture matching for every room, enhanced by 3D renderings to bring your vision to life. Flexible room scene packages to suit your needs.

CATALOG DESIGN & PRODUCTION SERVICE

End-to-End Catalog Creation:

From concept to final layout, we provide expert catalog design and production tailored to your brand's style and product range.

Fast Turnaround:

Benefit from 48-hour quick revisions to keep your project moving without delays.

Interactive Digital Experience:

Automatically generate interactive PDF catalogs—complete with clickable product links, embedded media, and seamless navigation for a dynamic user experience.

WORKFLOW & SERVICE ADVANTAGES

Creative Development

Receive your initial visuals quickly after onboarding, with up to two rounds of creative refinement included for each product.

For product collections, we offer efficient processing of multiple related items within a unified style.

Preparation & Product Delivery

Our team provides clear guidelines to ensure your product arrives ready for production. We handle every item with care, from large furnishings to fragile pieces, and coordinate seamless intake for an on-schedule shoot.

Full-Service Studio Production

Your product is captured in a fully equipped, professional photography studio designed for high-efficiency, high-impact content creation. Multiple styled sets, modular shooting zones, and advanced lighting ensure every image and video meets the highest standards in the industry.

Fast-Track Options

Need it sooner? We offer expedited turnaround services ranging from 2 to 5 business days, available for select projects with a 20–30% rush fee.

High-End Visual Production

Captured in a professionally staged expansive studio location with commercial-grade lighting and equipment.

4K HDR imaging, RAW files, and advanced post-processing.

Strategic Creative Direction

Data-backed styling and layout choices tailored to product category and platform.

SEO-optimized filenames and metadata included for enhanced visibility.

Flexible, Scalable Service

Subscription plans, bundled packages, and à la carte options available.

Built to support startups, growing brands, and enterprise-level campaigns.
