

## ElecLink Amended Capacity Split for 2023

In accordance with the [ElecLink Splitting Rules Methodology](#), ElecLink may amend its capacity split to meet the requirements and needs of the market. The amended capacity split for 2023 is as follows:

Timeframe	MW
Annual 2023	450MW
Seasonal	Summer 2023: 150MW
	Winter 2023/24: 150MW
Quarterly	Quarter 1: 100MW
	Quarters 2, 3, 4: 150MW
Monthly	January, February, March: 50MW
	All other months: 100 MW
Day-ahead	150MW

The amendment relates exclusively to the capacity allocated for Winter 2023/24 and Quarter 4. The volume of Winter 2023/24 capacity has been reduced by 25MW (from 175MW to 150MW) whereas Quarter 4 capacity has been increased by 25MW (from 125MW to 150MW). The amended capacity remaining long-term, the hedging requirements of the market continue to be met.
