HOW TO

- 1** Print out the Vegesaurs stencils and ask a grown up to help you cut them out.
- 2** Cut along the mouth line to separate the top part of the puppet from the bottom one.
- 3** Apply glue to the gripping part of the clothing peg. If using a glue gun or glue dots, a grown up may need to help with this step.
- 4** Stick the top part of the dinosaur puppet on the top part of the gripping area, and the bottom part with the body on the bottom part.
- 5** Once the glue is dry, your Vegesaurs puppets are ready for play!
