

YOUR NETSUITE PARTNER UPDATE JUNE 2025

Rethink Growth with Strategic Transformation Services

Featured Solution: Strategic Transformation

Turn NetSuite into a true growth engine by aligning ERP architecture, processes, and analytics - backed by expert guidance

Your NetSuite Works - But Could It Work Smarter?

Day-to-day admin support keeps your system running - but what happens when growth goals, process inefficiencies, or integration breakdowns slow you down? 79Consulting goes deeper, tackling critical performance issues and preparing your NetSuite setup for future scale

How Strategic Transformation Amplifies NetSuite

- ✓ **Critical Issue Resolution:** Fix broken integrations, sluggish performance, and process bottlenecks quickly
- ✓ **Custom Workflows & Automation:** Improve order-to-cash, inventory, and reporting with tailored flows and dashboards
- ✓ **Built for Scale:** Enable expansion - add users, unlock modules, and activate new capabilities in NetSuite
- ✓ **Advanced Analytics:** Deploy SuiteAnalytics, KPI dashboards, and real-time insights for better decision-making
- ✓ **Flexible Engagement Models:** Choose from single projects or ongoing strategic support to suit your pace
