Typical unit layout

1st floor - Block C

This architectural floor plan depicts a large building complex with a central courtyard. The central feature is a large rectangular swimming pool, surrounded by a paved deck and landscaped areas with trees. To the left of the pool is a long, narrow wing containing numerous small, uniform rooms, likely dormitories or hotel rooms. To the right of the pool is another long wing, also containing similar rooms. Above the central pool area is a large, open hall or common area. The entire building is enclosed within a perimeter wall, with a main entrance located at the bottom center. The plan includes detailed room layouts, furniture placement, and landscaping elements. A legend in the top right corner provides a key for the symbols used in the plan.
