### 1. What Are Cookies?

Cookies are small text files that are stored on your device (computer, tablet, or smartphone) when you visit a website. They help the website remember information about your visit, such as your preferences, settings, or login status, to improve your user experience. Cookies can be "persistent" (remaining on your device for a set period) or "session" (which are temporary and expire when you close your browser).

### 2. How We Use Cookies

We use cookies for several purposes, including:

- **Essential Cookies:** These cookies are necessary for the operation of the Site. They enable basic functions like page navigation, logging in, or accessing secure areas of the Site. Without these cookies, the Site may not function properly.
  - **Performance and Analytics Cookies:** We use these cookies to collect information about how you use the Site (e.g., which pages you visit, how long you spend on the Site, and any errors you encounter). This data helps us analyse and improve the performance of the Site.
  - **Functionality Cookies:** These cookies allow the Site to remember your preferences and settings (such as language, region, or font size) and provide a more personalized experience.
  - **Targeting/Advertising Cookies:** These cookies are used to deliver relevant ads to you based on your interests. They can also be used to limit the number of times you see an ad and measure the effectiveness of advertising campaigns.
  - **Third-Party Cookies:** In addition to our own cookies, we may allow trusted third-party services (such as Google Analytics, social media platforms, and advertising networks) to place cookies on your device. These third parties may use cookies to track your browsing behaviour across multiple sites and provide you with targeted ads or content.
- 

### 3. Managing Your Cookie Preferences

You have control over the cookies placed on your device. You can adjust your browser settings to:

- **Accept or decline cookies:** Most web browsers automatically accept cookies, but you can usually modify your browser settings to block cookies or notify you when cookies are being sent.
- **Delete cookies:** You can delete cookies that have already been set on your device through your browser settings.

Please note that blocking or deleting cookies may affect your experience on the Site, and certain features may not work properly.
