Undisclosed

Job Summary

We are seeking a talented UI/UX Designer to join our team (freelance). In this role, you will be responsible for creating performance driven, visually appealing, user-friendly interfaces for our digital products. Your main focus will be on ensuring that the end-user experience is seamless, intuitive, and enjoyable.

Responsibilities

- PFocus and deep understanding of e-commerce shopping experience
- Collaborate with cross-functional teams to gather and analyze user requirements
- Create wireframes, prototypes, and visual designs
- Conduct user research and testing to ensure product usability and functionality
- Conduct usability studies to identify design flaws and areas for improvement
- Develop and maintain design guidelines and standards
- Work with development teams to ensure that designs are implemented correctly
- Stay current with emerging UI/UX trends and technologies

Qualifications

- Bachelor's degree in Graphic Design, Human-Computer Interaction, or a related field
- 3+ years of experience in UI/UX design for web and mobile applications
- Proficiency in design tools such as Sketch, Adobe Creative Suite, and Figma
- Strong understanding of HTML, CSS, and JavaScript
- Experience conducting user research and usability testing
- Excellent communication skills and the ability to collaborate with cross-functional teams
- A portfolio of previous work demonstrating expertise in UI/UX design
- English C1 or C2 level
