Undisclosed

Job Summary

We are looking for an experienced Shopify Developer to join our team and lead the development of our main online store and two additional websites that will be built from the ground up. The ideal candidate will have proven expertise in Shopify, a strong understanding of

e-commerce best practices, and the ability to deliver optimized, scalable, and visually appealing websites aligned with client's brand identity.

Responsibilities

- Develop, customize, and maintain the DS18 Shopify store, ensuring high performance, functionality, and seamless user experience.
- Build and launch two new Shopify websites from scratch, including setup, customization, and integration of required apps.
- Implement responsive design, ensuring compatibility across devices and browsers.
- Optimize websites for speed, SEO, and conversion rate.
- Collaborate with marketing and design teams to translate business needs into functional online solutions.
- Integrate third-party applications, payment gateways, and APIs to enhance site functionality.
- Troubleshoot, debug, and resolve technical issues in a timely manner.
- Ensure compliance with best practices in e-commerce security and data protection.

Qualification

- Proven experience as a Shopify Developer with a portfolio of completed projects.
- Strong proficiency in Shopify Liquid, HTML5, CSS3, JavaScript, and jQuery.
- Experience with third-party app integrations and API development.
- Knowledge of Shopify Plus and custom theme/app development is a plus.
- Familiarity with SEO best practices and e-commerce analytics tools.
- Ability to manage multiple projects simultaneously and meet deadlines.
- Strong communication skills in English (Spanish is a plus).
- Self-starter with attention to detail and problem-solving skills.

Preferred Qualifications

- Experience working with U.S.-based e-commerce brands.
- Knowledge of UI/UX design principles.

- Previous work on audio electronics, consumer products, or related industries is a bonus.
