Job Summary

We are looking for an Analyst (Mid/Senior Level) to join ISSA's analytics team and take ownership of data reporting, financial analysis, and business performance insights. This is a hands-on role that combines advanced Excel and SQL skills with the ability to translate data into actionable business recommendations.

Responsibilities

- Lead the preparation of performance dashboards and analytical reports.
- Analyze financial and operational data to identify trends and opportunities for improvement.
- Automate recurring reports and enhance data workflows using Excel, Power BI, and SQL.
- Partner with internal teams (finance, operations, call center) to ensure consistent and reliable data reporting.
- Provide ad hoc analysis and strategic recommendations to senior leadership.

Qualifications

- Bachelor's degree in Finance, Business, Economics, Engineering, or related field.
- 3+ years of experience in financial analysis, business analysis, or data analytics.
- Advanced Excel (macros, automation, Power Query, dashboards).
- Solid knowledge of SQL and ability to work with relational databases.
- Experience in Power BI or other data visualization tools.
- Strong analytical and problem-solving skills, with attention to accuracy and detail.
- Excellent written and verbal English communication skills.
- Experience analyzing call center data or performance metrics.
- Background in process improvement, KPI management, or modeling.
- Important: CV must be submitted in English and without grammatical errors.
