Job Title

AI Graphic Designer

Location

Remote

Client

Undisclosed

Job Summary

We are seeking a creative and tech-savvy Graphic Designer who is excited about the future of design. This role blends strong visual design skills with hands-on experience using AI- powered tools to produce high-quality digital assets efficiently and at scale. You will collaborate closely with marketing, product, and content teams to deliver engaging visuals that align with brand goals and elevate audience experience.

Responsibilities

- Design digital assets for email campaigns, websites, landing pages, and social media platforms
- Leverage AI creative tools (ex. Midjourney, DALL-E, Adobe Firefly, Runway) to ideate, enhance, and accelerate production
- Develop polished brand-aligned graphics, illustrations, and motion elements
- Collaborate with content and marketing teams to translate creative briefs into compelling Visuals
- Contribute to the creative process through brainstorming, concept development, and rapid prototyping
- Stay informed on AI-design trends, new tools, and automation workflows

Qualifications

- 3+ years of professional graphic design experience
- Strong portfolio showcasing digital design work (email, ads, landing pages, social media)
- Proven experience using AI-powered design or content generation tools
- Proficiency with Adobe Creative Suite (Photoshop, Illustrator, InDesign) and Figma/Canva
- Solid understanding of typography, layout, visual hierarchy, and brand systems
- Detail-oriented with strong organization and time-management abilities
- Experience working with brands in the food, beverage, or CPG industry is a strong plus
- Ability to work both autonomously and as part of a fast-moving creative team
