Client

Undisclosed

Job Summary

We are seeking a Corporate FP&A Analyst to support Purpose Brands' finance organization with core planning and analysis responsibilities. This role will be a key business partner to corporate stakeholders and brand partners, helping drive data-driven decisions and ensure financial strategies are aligned with organizational goals. The FP&A Analyst will contribute to annual business planning, ongoing forecasting, and a variety of ad hoc finance initiatives that support growth and operational excellence.

Responsibilities

Financial Planning & Forecasting

- Lead and execute annual budgeting processes in collaboration with brand leaders and corporate stakeholders.
- Prepare quarterly and rolling forecasts that reflect operational performance and key business drivers.
- Identify variances against plan and forecast, providing insightful explanations and scenario analysis.

Cross-Brand Collaboration

- Partner with brand and functional teams (e.g., franchise operations, marketing, sales) to gather, validate, and refine financial data.
- Support financial planning needs across multiple franchise brands and corporate functions.

Management Reporting

- Create and deliver analytical reports, presentations, and dashboards to finance leadership and business partners.
- Assist in developing actionable insights that influence strategic decisions and performance improvements.

Ad Hoc Analysis

- Respond to internal requests for financial analysis, modeling, and evaluations as needed.
- Support special projects across FP&A, including strategic initiatives, capital planning, and performance benchmarking.

Data & Tools

- Utilize financial systems, ERP data, and business intelligence tools to extract, integrate, and analyze financial data.
- Develop and maintain accurate financial models and reporting templates.

Qualifications

- Bachelor's degree in Finance, Accounting, Economics, or a related field.
- 3+ years experience in financial planning & analysis, corporate finance, or a related analytical role, preferably within multi-unit operations, franchising, or consumer-facing businesses.
- Strong Excel and PowerPoint skills; proficiency in data visualization tools (e.g., Power BI, Tableau) and finance systems a plus.

- Demonstrated ability to work with large datasets, analyze trends, and translate insights into business recommendations.
- Tech-savvy and comfortable learning new tools and analytical platforms.
- Excellent communication skills in English, both written and verbal.
- Ability to work remotely with autonomy while collaborating effectively across teams.
