

ALLERGEN & DIETARY SUITABILITY CHART

Issued: 19/11/2025

This chart lists allergen and dietary information for all menu items and ingredients served at BurgerFuel restaurants in New Zealand, including core items and limited-time offers.

Allergen Information

Our kitchens handle a variety of ingredients and allergens. While every effort is made to manage allergen risks responsibly, all menu items are prepared in kitchens where multiple allergens are present. As a result, there is always a possibility that traces of allergens may be transferred to products during storage, preparation, or cooking, and **BurgerFuel cannot guarantee the absence of allergens in any menu item**. All allergen declarations are made in accordance with the *Australia New Zealand Food Standards Code (Standard 1.2.3 and Schedule 9)*.

Dietary Information

Our kitchens also prepare and cook non-vegetarian, non-vegan, and non-halal foods in the same environment. While care is taken to follow suitable preparation guidelines, cross-contact may still occur. Items labelled as vegetarian, vegan, or halal suitable may be suitable based on relevant guidelines but are not formally certified, except for our smashed beef and grilled chicken, which are halal certified. Our kitchens themselves are not halal certified. Products marked as vegetarian suitable follow lacto-ovo vegetarian guidelines.

Before You Order

Please let our team know if you have any allergies or specific dietary requirements. For the most up-to-date allergen and dietary information, visit www.burgerfuel.com/allergens. If you have questions about specific ingredients or menu items, speak with a manager in-store or email info@burgerfuel.co.nz.
