SERVICES NOT PROVIDED

Alkaline hydrolysis, including with a purchaser-provided container	**Not Provided**
Cremation, including with a purchaser-provided container	**Not Provided**

Required Disclosures: Minnesota law does not require you to purchase a casket for cremation. If you want to arrange a cremation, you can use a cremation container. A cremation container is a combustible, closed container that encases the body and can be made of materials like fiberboard or corrugated cardboard and into which a dead human body is placed prior to insertion into a cremation chamber for cremation. The containers we provide are [none]. FTC: If you want to arrange a direct cremation, you can use an Alternative Container. Alternative containers encase the body and can be make of materials like fiberboard or composition materials (with or without an outside covering). The containers we provide are [none].

Immediate burial, including with a purchaser-provided casket or alternative container	**Not Provided**
Embalming	**Not Provided**

Required Disclosures: Except in certain cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial or when refrigeration or use of dry ice is available.
