

## Benefits Overview

# Why Operators Choose Bolt360

Bolt360 gives parking operators an easier way to modernize access, streamline operations, and increase revenue without requiring major equipment upgrades or disruptive infrastructure changes.

### Increased Revenue

Improves turnover, reduces drop-off, and boosts retention through stored payment history.

### Frictionless Guest Experience

Delivers app-free entry, mobile payments, and fast exits for a smoother experience.

### Real-Time Operational Insights

Live dashboards provide instant visibility into usage trends, session history, and revenue.

### Lower Operational Costs

Eliminates equipment upgrades, app maintenance, and guest support for hardware issues.

### Continuous Reliable Access

Ensures uninterrupted entry and payment flow – even if PARCS equipment goes offline.
